Next year a President must be elected, and that will settle the whole matter of reconstruction. Until this shall be done, all side issues are out of place, because perilous to the great end which ought to be kept steadily in view.

We do not speak thus of "side issues" by way of contempt. There are many points in the Workingmen's movement which enlist our warmest sympathies; as we have not failed to demonstrate heretofore, and shall still farther attest hereafter. For the Temperance cause and the men concerned therein we cherish the highest respect. Probably few of those men have labored longer or more zealously than ourselves in that cause, or are less disposed to relinquish it. But the nation is in a condition of peculiar peril. We feel that all loyal men, however they may differ about other things, ought to stand together until the paramount question of the reconstruction of the Union shall be settled. Let us first save the republic for liberty and justice, and take all other questions in their turn.

For some years past the northern democrats have been sorely perplexed to get enough of their own number elected to Congress to produce any effect upon the deliberations. Now they are sore afraid that from those States which formerly sent democrats almost exclusively, some black loyalists may be preferred instead. If we were shut up to the necessity of selecting between these two sorts for members of Congress, we should certainly take the latter. But the choice depends not upon us, but upon the voters of the respective districts. If a black man can get a majority of the voters in a district, in quite a number of the States his chance is first rate; but it has so happened that while black men have been eligible to membership of Congress from several of the States, for many years past, not one of them has obtained the distinction. The constituencies have not preferred them. We do not see indications of a change in this particular.

The London *Saturday Review* says England will need to import nine millions of quarters of wheat this year. France is importing; and no extra crop in any part of Europe save Hungary and the Banat. South Russia, Poland and Turkey have average crops; Poland and Belgium poor; in Algeria is a failure and in Egypt plenty. The *Review* estimates the crop in America as good, but says "there was no stock of old grain left, and as the North will shortly have to supply the South, we do not estimate that America will be able to spare more than the average of her exports to Europe." It is about time the North were done supplying the South. With the finest soil and climate on the continent, after two years of peace, the people of that region should be ready to supply their own bread stuff, if not to export.

Mr. Hecker, the democratic candidate for State Senator in the Erie and Crawford district, is a lawyer of decided ability, but a politician without any elements of popularity outside of his party. He was formerly a Whig, afterwards an American, then a Republican, and by some singular freak of politics was converted to "Democracy," according to the modern definition of the term.

The Democrats persistently represent Congress as acting outside the Constitution in the matter of reconstruction. Congress is the lawful judge of its own powers, at least until the Supreme Court has reversed its opinion. No law passed by Congress has, so far, been set aside by the Judiciary. Opinions of the Attorney General, manufactured to Presidential order, count for nothing.

The Reading *Gazette*, edited by Congressman Getz, says that Sheridan's victory over Early in the Shenandoah "was the most disgraceful ride of modern times." This shows that the Democratic antipathy to Sheridan did not grow out of his conduct at New Orleans, but during the war. They hate him because he triumphed over the public enemies.

The side-shows or local dissensions are not confined to the Republicans. In the third Senate district Mr. Bonham has a better chance of election than any Republican before him ever had. In the fourteenth district Mr. Wingard will certainly be elected, making a Republican gain. All that is needful for a most brilliant general result is for the Republicans to keep steadily to the work.

An active demand exists in various parts of Europe for breadstuffs from this country, in consequence of the failure of crops there. This will prevent prices falling here as low as was anticipated. Indeed, it seems probable that prices will not touch a point much lower than that now attained.

The counties of the old "Wilmot district" are engaged in amicable struggle to see which shall win the banner offered by the State Committee to the county making the largest relative gain. Do the western counties consent to be counted out of this commendable effort? We trust not.

Undoubtedly if the Republicans had not resisted the attempts of the democrats to subvert the Union there would have been no national debt. It is not so much the debt, therefore, the democrats are mad about, as the failure of the scheme that made the incurring of the debt necessary.

The "Democratic" State Convention of Florida resolved in favor of the perpetual union of the States, and the civil and *political* equality of all the citizens of the State. That is following the advice of the New York *World*, to "court the negro vote."

The Democrats talk about the increase of taxes. If the rascals they have induced the President to appoint to places in the Revenue service did not steal two hundred millions of dollars a year, the taxes would soon be reduced.

The Republicans of New York, at their late Convention, inscribed on their banner, "National Reconstruction through liberty and justice; State repose through integrity and economy." That has the ring of true metal.

Only eight days more remain for work before the election. Much ought yet to be done in so organizing wards and townships as to bring out the full Republican strength. Friends! let not the opportunity be lost.

Miss Sallie Camerer, while tending a press in the office of the Hollidaysburgh *Herald*, had her hand caught and three fingers torn off. She is the only support of an aged mother.

In the 7th district of Georgia the democrats have a candidate for Congress, named Franklin Haynes, who is a negro.

By the New Orleans *Picayune* of the 20th inst. we learn there were no less than seven thousand cases of yellow fever under treatment in that city, and was extending into the Louisiana parishes. It is stated that many persons are actually dying from fright at the first symptoms before medical treatment can reach them. In Texas, the fever was almost universal along the coast and in the interior; in Corpus Christi there had been one hundred and twenty-seven deaths up to the 7th inst.; at La Grange, "every house was filled with sickness and death."

The Albany *Evening Journal* rebukes the disposition manifested by some of the Republican members of the Constitutional Convention, to evade manhood suffrage. It asks: "With what degree of assurance can we demand that the Southern States shall extend the ballot to the negro, while at the same time we refuse it ourselves?" This is precisely the point we recently urged. Those who do not cheerfully perform what they demand of others, expose themselves to contempt and defeat.

One reason assigned for the arrest of Garibaldi is that by the treaty between Victor Emanuel and Napoleon, the former is to maintain the temporal power of the Pope. On this condition the French troops were withdrawn from Rome. Upon the issue of Garibaldi's proclamation a French force was ordered to hold itself in readiness to embark at Toulon, and Emanuel succumbed to the threat.

The Democracy raise such a hue and cry about negro suffrage that one is led to suppose them ignorant of the fact that formerly negroes voted in all the original thirteen States except North Carolina; that Washington and Jefferson voted with negroes; that the election has been turned on more than one Southern Congressional district by emancipating negroes in order to get their votes.

A quarter of a million of Union men were slaughtered by the rebels, the democrats sympathizing with them, and encouraging them in the bloody work. Now, these democrats ask Union men to help them into power that they may reconstruct the republic according to their ideas. The thought of such a concession is enough to disturb the repose of the patriot martyrs.

The *Raftsman's Journal* says. "President Johnson will soon issue a proclamation pardoning the Union soldiers for participating in the war, against the rebels." Not a bit of it, Mr. Raftsman. That is a crime the President will never pardon.

Martin Gates, of Duncansville, Pa., was shot in the right breast before Petersburg. Recently he felt something from his side. It was extracted, and proved to be a large brass button which had been driven in by a minnie ball.

Every vote given to a Democratic candidate, is an endorsement of the President's Policy. Every vote withheld from a Republican candidate by staying away from the polls, amounts to a half endorsement of that Policy.

All over the State the Republicans are waking up to the necessity of a rousing majority, as the only means of preventing Johnson, Democracy & Co. from an attempt to resist the authority of Congress by force of arms.

Philadelphia boasts that she will overtop Allegheny in its majority for Mr. Williams. Republicans of Allegheny! you are forwarned. Look well to your laurels that you may not lose them.

William Hunter jumped on a car to ride about fifty yards, near Hollidaysburgh, and jumping off, fell and died in an hour from concussion of the brain.

The New York Constitutional Convention has adjourned to November 12th. An attempt was made to get the vacation extended into next year, but it failed.

UP THE ALLEGHENY.

[Special Correspondence Pittsburgh Gazette.]

SPRINGDALE, ALLEGHENY COUNTY, PA.

The completion of the Western Pennsylvania Railroad has inaugurated a new era in this section of Allegheny county. For many years the only public conveyance to the city was the canal packet, requiring five solid hours, and sometimes more, and an equal length of time to return, thus leaving but little opportunity for the transaction of business. The construction of the Allegheny Valley Railroad brought relief to those residing on the same side of the river, but the difficulty of crossing at all times, and especially during the late Autumn and early Spring, was a serious drawback to those residing on the right bank of the Allegheny. Happily for the dwellers along the beautiful stream there are now two roads, one on either side, well finished and equipped, and affording abundant facilities for trade and travel. And trade and travel have received a new impulse by their construction. New life has been infused into the inhabitants along their lines. Property has doubled and trebled in price, and is being rapidly purchased by new comers—some of it for occupancy and some for speculation. Farms are being rapidly cut up into small lots to accommodate mechanics and laborers, who are securing permanent houses at comparatively low rates; or into plots of from five to ten acres to accommodate the wealthy, who are contemplating the erection of palatial residences, surrounded by ample grounds. Dead villages are being galvanized into life, and new villages are springing up. Among the latter is Springdale, sixteen miles out from Pittsburgh, on the Western Pennsylvania Railroad. It has a beautiful location, on gently sloping ground, affording to the residents a charming view of the two railroads, the Allegheny River and its hills, with a large extent of cleared land, gleaming each season in green and gold, varied with red and purple fruitage. Whatever may be said of the smoke and soot of Pittsburgh, no city in the Union is surrounded by more picturesque or beautiful scenery. Time and the hand of Art will soon cover the valleys and slopes and hills with beautiful homes and churches and schools, and make the suburbs of Pittsburgh the equal of those of any city on the continent.

A NEW METHODIST EPISCOPAL CHURCH.

But a truce to these reflections. Items of interest to newspaper readers are not abundant here, and we shall therefore chronicle but one or two. Sabbath, the 8th inst., was the day set apart for the dedication of the new Methodist Episcopal Church in this place. The edifice is a small structure, plain but neat, and has a seating capacity of nearly three hundred. It will meet the wants of the community, until increased numbers and wealth, now rapidly pouring along this thoroughfare, shall demand a larger and more imposing house of worship. The dedicatory services were conducted by Rev. I. C. Pershing, President of the Pittsburgh Female College, who preached morning and evening to large and attentive congregations. Though the most rigid economy was observed in the erection of the church, the society being weak numerically and financially, yet four hundred and forty-seven dollars remained unpaid on the day of dedication. This amount was fully provided for, and nearly one half of it paid in cash. The Lutheran congregation are also erecting a church, which will be ready for occupancy early in the winter.

A GOOD AND TRUE RAT STORY.

A somewhat singular incident occurred here some time ago. An honest Teuton had managed to lay away eighteen gold dollars, and a smaller amount in silver. The money was placed in a tin box, the lid secured with a stone, and the whole stowed away in a crevice in the cellar wall. An occasional visit was made to the cellar to ascertain whether the deposits were safe. The presence of the box satisfied him that all was right. After some months, however, he desired to feast his eyes with a sight of the shiners, but imagine his surprise to find that the lid had been moved, and every gold dollar taken. The mystery was deepened by finding that the silver was untouched. Close inspection revealed the fact that there were several burrows made by rats leading from the box in several directions. As the silver remained in the box, he inferred that the rats had stolen his gold. A pick and shovel were procured, and a vigorous search begun for the hidden treasure. Following one of the burrows which led to a point under the front "stoop," his diligence was rewarded by finding a large nest, lined with his eighteen gold dollars, and filled with young rats. Strange as this may seem, you may rest assured of its truthfulness. Your correspondent would suggest the propriety of bestowing a government appointment on those rats. More anon.

ARRANGEMENTS FOR SHERIDAN'S RECEPTION.

A meeting was held at the armory of the First regiment, last evening, for the purpose of making arrangements for the reception of Gen. Sheridan. Permission was granted to the colored leaguers and organizations to turn out. Mr. Rush. C. Hawkins was made Grand Marshal.

CHOLERA STILL AT QUARANTINE.

The cholera is still virulent at quarantine. Five deaths have occurred, and fifteen are still in the hospital, some of whom will not recover.

THE NEW TOBACCO REGULATIONS.

It is reported that the tobacco merchants have resolved to suspend business until the Secretary of the Treasury so orders the regulations that they will not, as alleged, destroy their trade. The Secretary of the Treasury telegraphed to Collector Smyth that such portions of the new regulations as require the immediate rebonding of bonded warehouses are suspended for the present.

THE DISEASE PREVALENT AT QUARANTINE.

At a meeting of the Board of Health, yesterday, Dr. Harris stated that the disease prevalent among the patients in the hospital ship at the lower quarantine is almost unknown to him. It looked like cholera, but on investigation proved something else. He believed it slowly infectious, and it bore close resemblance to the Black Typhus of Ireland.

Inquest in the Driscoll Murder Case—All Four Prisoners Committed—American Officers Complimented—Officers of the House of Commons and Senate—The Regatta—Hamill and Brown Challenged—Executive Council at Ottawa—Forger Absconded, &c.

[By Telegraph to the Pittsburgh Gazette.]

KINGSTON, C. W., September 27.—The inquest in the Driscoll murder case closed to-day. All four of the prisoners were committed for trial.

The jury complimented the American officer for the courtesy shown to the Canadian authorities, and their vigilance in pursuing the prisoners, and who delivered them up without the forms and delays usual in cases of extradition.

OTTAWA, September 27.—It is reported that Hon. John Rose is to be Speaker of the House of Commons, and Hon. H. J. Hilliard Cameron, President of the Senate.

At the regatta yesterday, the two mile scull race, for the championship of Canada, was won by Richard Tinning, of Toronto. He has issued a challenge to Hamill or Brown, for five hundred dollars, single sculls, distance, place and time to be arranged.

MONTREAL, September 27.—The Executive Council held a meeting at Ottawa to-day. It is understood the chief subjects to come before the House of Commons will be an indemnity bill, intercolonial railway, fishery request, transfer of local public works to provincial control, equalization of tariff, and the admission of Northwest British Columbia and Vancouvres to the Union.

E. L. Tinney, in the employ of George Smith, forwarder, has absconded, after committing several forgeries and abstracting $2,000 from money letters.

The Grand Jury to-day found true bills against seven persons, alleged to have been concerned in the election disturbances.

CALIFORNIA.

Proposed Navigation of the Colorado—Hotel Burnt at San Francisco—Departure of Rosseau for Sitka, &c.

[By Telegraph to the Pittsburgh Gazette.]

SAN FRANCISCO, September 27.—At a meeting of merchants to consider the navigation of the Colorado river, facts were produced to prove that goods can be carried from this city to Colville, six hundred miles above the mouth of the river, for four cents per pound, and transported thence to Salt Lake at good profits. The passage can be made at all seasons of the year in from ten to fifteen days. It is proposed to subscribe fifty thousand dollars to build a new steamer to run in connection with one already in the river. Great interest is evinced in the project.

The Panama steamer which sails on the 30th, will take machinery for twenty stamp and quartz mills from a foundry in this city, for a mine at Kings Mountain, North Carolina.

A fire at Sacramento last night destroyed the Waverly Hotel. The boarders and landlord only escaped by leaping from the windows.

Wheat is announced at $2,05@2,15. Legal Tenders unchanged.

Sailed: United States war steamer Ossipee, for Sitka, with General Rosseau and staff, and the Russian Commissioners for the transfer of Alaska. Arrived: the ships Chas A. Farwell and Charger, New York; Thatcher, Magoun, Boston; Oracle, Cardiff. Cleared: Orion, Liverpool.

Recording Secretary—Rev. John O. Means. Treasurer—Hangdon S. Wood. Auditors—Moses L. Halot and Joseph S. Roper.

Two of the principal churches were filled with large audiences to-night to hear the addresses of the Board.

BUFFALO, September 27.—The American Board of Foreign Missions, after a short session this morning, adjourned.

The Races at Cincinnati.

[By Telegraph to the Pittsburgh Gazette.]

CINCINNATI, Sept. 27.—There were two races at the Buckeye Club Course to-day. The first, Ohio stake, for three years old, two mile heats, one hundred dollars entrance, $25 declared last January, $50 forfeit Sept. 1st, the club to add $500, closed with sixteen entries, but only two horses started—Buford, sorrel filly, by Lexington & Swigert, and the Fannie Cheatham. The latter won both heats; time 3:43¾ and 3:51. In the second race, handicap, for all ages, purse $500, two and a half mile dash, Mack, Privateer and Caledonia were the contestants. The race was won by Mack, Caledonia coming in second; time 4:38¾.

The Weather and Crops.

[By Telegraph to the Pittsburgh Gazette.]

CINCINNATI, September 27.—The weather continues dry. Last night the temperature was down to 48 degrees, but it is now 72. The reports regarding the corn and potatoe crops are even more discouraging. Farmers are selling off their stock as far as possible. Water is very scarce and in many places cattle have to be driven a long distance to water. Farmers are not feeding hogs to any extent for the winter markets, and no contracts can be made but for early delivery.

Baltimore Democratic Mayoralty Nomination.

NASHVILLE.

The Threatened Election Disturbance—Matters Quieted—Dispatch from Gen. Grant—Letter from Mayor Brown to Gen. Thomas—State Authorities to be Sustained.

[By Telegraph to the Pittsburgh Gazette.]

NASHVILLE, Sept. 27, 1867.

Matters have quieted much to-day. Last night Gen. Thomas issued a dispatch from Gen. Grant telling him that the military cannot be made use of to defeat the executive of a State in reference to the laws of the State and ordering him not to prevent a legal State force from executing his order. A copy of this dispatch was transmitted to Mayor Brown, who to-day wrote to Gen Thomas stating that he had not consented to resistance to the law, nor desired to defeat the Executive of the State in his efforts to enforce the law. He had designed, if not prevented by armed violence, to hold a strictly legal election in a perfectly peaceful manner, and in accordance with the city charter. He requested General Thomas to inform him whether he (Thomas) deemed it his duty, under the order of General Grant, to uphold General Cooper, commander of the State Militia, in his threatened determination to prevent the election under the charter, adding that in that case he had no choice left but to hold to the authority of the United States, with a respectful and emphatic protest against the signal and deplorable mistake.

General Thomas, in reply, stated that the proper interpretation of General Grant's order is to sustain the State authorities in the execution of their orders, it not being his province to decide the question of the legality or illegality of the election ordered by the city authorities. General Thomas subsequently issued an order for the disposition of a military force, cavalry and infantry, to protect the commissioners of registration and of the State authorities tomorrow in holding the election.

The board of Aldermen met this evening and withdrew the officers appointed by it to hold the election.

Mayor Brown, who was a candidate for re-election, has withdrawn.

Cotton, another Conservative, has also withdrawn. This leaves the field to Alden, a Northern Radical, and Scovel, an old citizen, also a Radical. Alden will be elected. The Republicans are highly elated with the issue of events, whilst the opposition are correspondingly depressed. The election will be quiet and peaceful.

SAINT LOUIS.

Steamboat Boiler Explosion—Fall Meeting of the Leclede Racing Association—St. Louis Agricultural and Mechanical Annual Fair—Illinois State Fair.

[By Telegraph to the Pittsburgh Gazette.]

ST. LOUIS, September 27.—About 1 o'clock to-day the "nigger" boiler on the steamer Illinois, lying at the levee, exploded, tearing away a portion of the cabin of the boat and severely wounding four deck hands. The boiler was blown across the levee.

The Fall meeting of the Leclede Racing Association will commence Monday next. Stablers from Ohio, Kentucky, Tennessee, Indiana, Illinois, Alabama, Iowa and Missouri are on the ground, with a larger number of horses than ever before assembled on any course in this country. Fifty-six horses are entered for the races on Monday. The first race will be a two mile dash over eight hurdles four feet high.

The seventh annual fair of the St. Louis Agricultural and Mechanical Association will commence October 7th, and promises to be the largest ever held here. Entries of stock, agricultural products, machinery and textile fabrics have been made from nearly all the western states, and many fine horses and cattle will be here from New England.

The Illinois State Fair will be opened on Monday next at Quincy, where extensive preparations have been made and the finest grounds in the country have been provided for the occasion. These grounds belong to the citizens of Quincy, who have spent nearly a hundred thousand dollars in permanent improvements on them.

MEXICO.

Maximilian's Remains—Early Return of the Austrian Vice Admiral—Diaz Accepts a Nomination for the Presidency—Efforts to Secure the Release of Maximilian's Confessor—Important Documents in His Possession—Marquez Still Concealed—Princess Salm Salm at Queretaro.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, September 27, 1867.

Advices from Mexico city to September 19th, say: Vice Admiral Tegethoff has determined to return to Austria whether he received the remains of Maximilian or not.

Porferio Diaz accepted the nomination for Presidency, and his adherents were organizing for the campaign.

Mexico City letters of September 8th say efforts are being made by Admiral Tegethoff to secure the liberty of Father Fisher, Maximilian's confessor. The Father was authorized by Maximilian to publish all his correspondence with Napoleon and Bazaine during the Intervention. It is said he recently refused four hundred thousand francs, offered by a French officer, for the documents.

It is considered more than probable that Marquez is still concealed in the city.

Princess Salm Salm is living in Queretaro, where her husband is serving out his seven years sentence.

NEW ORLEANS.

The Election—Returns from Three Districts—Nearly all Vote for the Convention.

[By Telegraph to the Pittsburgh Gazette.]

NEW ORLEANS, Sept. 27.—The *Republican* has full returns of the vote cast to-day in the first, second and third municipal districts of this city. In the first district there were 2,540 votes cast; in the second 2,253, and in the third 2,297; total, 7,090. Nearly all the votes were for the Convention. The number of registered voters in these districts is 24,235. The *Republican* expresses apprehension unless the vote is heavier to-morrow, that the proposition for a Convention will fail, the law requiring a majority of registered voters to vote, or the election fails.

Gen. Hancock at Home.

[By Telegraph to the Pittsburgh Gazette.]

NORRISTOWN, September 27.—Gen. Hancock visited his mother and birthplace today, and was cordially received by the citizens. In the evening he was serenaded by the Grand Army of the Republic. Colonel Brientbach, of his old corps, made a speech, to which the General responded.

Preparations for Sheridan at Newark, N. J.

[By Telegraph to the Pittsburgh Gazette.]

NEWARK, September 27.—General Sheridan will be received with civic and military honors on his arrival here to-morrow.

PHILADELPHIA.

Sheridan's Levee at the Union League House—General Hancock Tendered the Hospitalities of the City and a Banquet—Counterfeiters Arrested—$25,000 Finished and $100,000 Unfinished Notes Seized—Plates, Presses, Ink, &c. also Captured—Immense Republican and Soldiers' Meeting—Welcome to Sheridan and Sickles—Speech of General Sickles.

PHILADELPHIA, Sept. 27.—Gen. Sheridan held a levee this noon at the Union League House, and received thousands of the members of the League and their friends. A large crowd witnessed his entrance to the Hall, and the cheering was enthusiastic. Among the visitors were the orphan boys of deceased soldiers from Lincoln Institute. Their commander made a neat speech welcoming Sheridan to the city. He replied, thanking them for the pleasure of seeing them. The boys gave him three cheers. A Committee of Councils waited on General Hancock, tendering him the hospitalities of the city. He was also invited to a banquet at the League House, but he declined both.

PHILADELPHIA, September 27.—Dr. M. V. Garman, Nat. Kenney, and Miss Caroline Heron were arrested last night, on a charge of manufacturing counterfeit bank notes. The officer also seized $25,000 finished notes and $100,000 unfinished notes. They also captured the plates for printing notes on the Fourth National Bank of New York city, and fifty cent fractional currency, together with the presses, ink, &c. Since the arrest of Garman it is ascertained that he had a contract to supply notes on the First National Bank of this city, to be executed next week. Garman is supposed to be the man who first issued counterfeit fractional currency. The parties will have a hearing before the United States Commissioner immediately.

At an immense Republican and Soldiers' meeting to-night, resolutions favoring the impeachment of President Johnson were adopted.

After adjournment the procession formed and marched to Union League Hall, where Generals Sheridan and Sickles were received with prolonged cheers. General Wagner addressed them in terms of welcome, saying the Army of the Republic would follow them in their efforts to reconstruct the South on the basis of the will of the loyal men, expressed in the Acts of Congress. In response to a call, Gen. Sickles made a speech, thanking his comrades for the welcome and strongly urging the carrying out of the reconstruction measures of Congress, closing with an appeal to those soldiers who are spared not to leave undone the work their dead brothers did not live to help them do.

General Sheridan made a short speech of thanks.

HAVANA.

Funeral of Captain General Manzano—Advices from Mexico—Maximilian's Body—Otterburg Coming Home.

[By Telegraph to the Pittsburgh Gazette.]

HAVANA, September 27.—The funeral of Captain General Manzano took place this morning. The procession started at half-past seven for the Cathedral, where a solemn requiem mass was celebrated by the new Bishop of Cuba. His remains will lie in state until the 30th, when they will be shipped to Spain. The procession was very long and imposing.

We have advices from the City of Mexico to the 15th, and Vera Cruz to the 20th. The diligence from the capital had been robbed. Guests Quito Baron, the celebrated English banker, died in Tabembaya on the 9th.

The body of Maximilian has been brought to the city of Mexico.

The Nuevo Leon forces had triumphed, entering Monterey on the 14th ult.

Otterburg, late American Minister, has obtained passports for home, with his family and Mr. Blake. The archives of the nation are left in charge of Consul Cripps.

High Wine Seizure at Chicago.

[By Telegraph to the Pittsburgh Gazette.]

CHICAGO, Sept. 27.—Inspector Barrett to-day seized eighty-five barrels of high wines believed to be stamped with forged inspector's brands. The revenue officers have for some days suspected an extensive scheme to defraud the Government. Other seizures are looked for.

Three Negroes Hung.

[By Telegraph to the Pittsburgh Gazette.]

MOBILE, Sept. 27.—The three negroes who committed the outrage on Dog River, were hung to-day. An immense crowd was in attendance, but there is no disturbance.

Italian Opera.

With reference to the approaching visit of the great artist Madame La Grange, who will appear on Wednesday and Thursday next, in conjunction with the silvery-toned tenor, Sig. Brignoli, and other artists, at the Academy of Music, we clip the following from the New York *Herald*:

"It has been announced by the cable that Madame Anna de La Grange embarked on the 31st of August at Brest, for this city. The musical public were both surprised and delighted. Negotiations which have been pending for months were, of course, concluded; and Mr. Max Strakosch is the fortunate manager who has secured this brilliant lyric star. She will soon re-appear to charm us as in former days, and as Signor Brignoli, the sweetest of tenors, is to be one of the new operatic company, no doubt there is a rich store of operas, concerts and oratorios to be presented for public enjoyment. Madame La Grange's is the most powerful lyric name in this country. She never disappointed her audience—she never failed to gratify their tastes. Thorough in all she attempted, there was no *role* in her most extensive *repertoire* to which she did not do full justice. Hence her great value in the great opera houses of Europe. Hence was it that in her career to greater and greater estimation and distinction that she was crowned as without a rival at the Imperial Court Opera of Brazil, landed and loaded with honors at Madrid, and made the "star among the stars" in Paris. The announcement of her re-appearance here will be received with enthusiasm, and she will draw around her all the taste, beauty and culture of the metropolis."

We are requested to state that seats can be secured at C. C. Mellor's on Monday morning, at nine o'clock.

The Best Organ Made.

We bespeak for the Carhart Organs the first place in the list of Church Organs. Having had some experience with other makes (Mason & Hamlin's,) we must say that the Carhart & Needham organ now in our possession, far surpasses in richness, variety and power of tone, any other instrument we ever had.

B. C. CRITCHLOW,
Pastor Presby. Church, New Brighton.

I feel satisfied that the Carhart Organ we now use is an instrument of much more power and capacity than the one we had before of Mason & Hamlin's make.

S. S. M. FERRAN,
Leader of Choir.

H. Kleber & Bro., 122 Wood street, Pittsburgh, are the sole agents for these celebrated silver tongue Church and Parlor Organs.

Letter from Hon. E. B. Washburn,

Member of Congress, and Chairman of the Committee on Ways and Means.

PARIS, July 10, 1867.

MR. STEINWAY—*Dear Sir:* Permit me to avail myself of this occasion to congratulate you upon your eminent success in obtaining the *first* of the Gold Medals awarded to Pianos at the International Exposition in this city.

It is more gratifying to every American citizen, as it seems to be understood that by your new system of Piano making, you have placed the United States at the head of this industry for the entire world.

E. B. WASHBURN.

These famous Steinway Pianos can be found in this city at H. Kleber & Bros.' warerooms, 122 Wood street, who retail and wholesale them at factory prices.

State Fair.

We would inform persons visiting the State Fair that Mr. James Robb, No. 89 Market street, one of the pioneers in the boot and shoe trade of this city, has on hand a large and fashionable stock of boots, shoes and gaiters which he offers to the public at very reasonable prices. It will be remembered that the assortment found here is not from Eastern auction houses but has been selected direct from manufacturers who deal in such articles as will prove serviceable and durable. Call in and see for yourselves.

Special Notice.—Dr. Aborn may be consulted professionally at his medical and surgical rooms, No. 134 Smithfield street, daily, except Sundays, from 9 A. M. to 4 P. M. For the convenience of those who are engaged during the week, his hours on Saturday will be prolonged until 8 P. M.

THE CAMPAIGN.

Meeting in the Ninth Ward—The Citizens Awakened—Able Speeches.

A spirited and enthusiastic meeting was held in the Ninth ward, last evening, at the corner of Baldwin and Smallman streets. A large stand had been erected on the vacant lot at the corner named, from which a magnificent American flag floated, and was well lighted with oil lamps. An excellent martial band was in attendance, and added to the general enthusiasm with the thrilling notes of the fife and drum. There were between fifteen hundred and two thousand persons present, and the most perfect order prevailed. The meeting was organized by the election of the following officers:

President—H. C. Mackrell.

Vice Presidents—A. J. Cochran, T. W. Welsh and Samuel Mitchell.

Secretaries—William Johnson and the reporters of the press.

Mr. Mackrell, the chairman, in a brief but eloquent address, thanked the meeting for the honor conferred on him, and after stating the object of the meeting, introduced

HON. J. K. MOORHEAD.

General Moorhead's remarks were in substance as follows: He thanked the President for the flattering introduction he had given him in saying that he was "identified with their interests." They ought to know whether such was the case or not, as he had been in this country a long time. He came to this meeting much against his will, but since he had come he would have to talk awhile to his old friends, not to tell them what their duty was, and urge them to do it, for that would be useless; it was only necessary to take up the election returns of the Ninth ward and see the vast majorities they rolled up, increasing them year after year, to satisfy any one that they always knew their duty and did it well. He was going to talk to them awhile, and knew he would touch a chord of sympathy in the hearts of some of them, for it was impossible for such a vast crowd of people to assemble together, among whom there were not some who had suffered the loss of friends in the terrible war through which we had lately passed.

The speaker referred at length to the difficulties we had to encounter in suppressing the rebellion, and said that until the emancipation proclamation was issued, our efforts were not attended with success, but from that moment forward, we were crowned with victory on all sides, until General Lee handed his sword to General Grant at Appomattox Court House. That should have been the end of it but it was not. That great and good man Abraham Lincoln, was stricken down by the hand of an assassin, and then what followed? Why, Andrew Johnson, who, by your votes and mine, was made Vice President of the United States, and by the act of J. Wilkes Booth, was made President, is now attempting to make himself dictator. This traitor President, sustained and supported by the rebels, has determined to break up this government; Congress has been in his way, and he cannot do anything until they are out of it, and for that reason, if he has any encouragement, he will close the doors of Congress, and this is why it was important to go to the election. A small Republican, or what was more, a Democratic majority would encourage him so that he would announce himself as dictator the morning after the election. We have also local reasons for polling a large vote, as our candidate for Supreme Judge, Henry W. Williams, was a good man; but aside from this the interests of the country demanded it, as upon the result of the election in Pennsylvania may rest the welfare of this nation. He warned the Republicans who voted the workingman's ticket to vote for Judge Williams, for there was no doubt but what the Democrats of that party would vote for Sharswood. He had been a workingman, and knew what hard work was; had got his education from the ground up, had taken it from the stump; and he had found that the way to support the workingmen of this country was by voting the Republican ticket. He had belonged to the Democratic party at one time, but had been read out of it, by public resolution, on account of his tariff proclivities. He paid a high compliment to the Republican candidates for Assembly, and especially to Major Denison. He said that after the country had become settled it was time enough to take up these side issues. After thanking the audience he retired.

The next speaker introduced was

THOMAS HOWARD, ESQ.

Mr. Howard spoke substantially as follows:

There would be a great many young men who, on the second Tuesday of October, would for the first time assert their rights as citizens by walking up to the polls, and it was important that they should take the first step in the right direction, and he felt sure that by casting their votes with the Republican party, which had saved the country from destruction, they would commence a political record they would never be ashamed of. He did not know what to say for the old men of the party—"those dyed in the wool"—for there was no hope for them; they were not within the reach of salvation. The record of the democratic party during the war was not a good one. They threatened during the campaign of '60 that if we dared elect Abraham Lincoln, the South, that is to say the southern end of the democratic party, would break up the government. What prophets they were! They did attempt to break it up, and had it not been for the great Republican party, they would have been successful. The democratic party of the North, although afraid to openly take up arms against the government, did all in their power to aid its enemies. Instead of openly fighting us they attempted to do it in the dark through the judiciary, and there struck the most terrible blows, by the decision of democratic judges, against the interest of the government and in favor of the rebels. They discharged brigades of soldiers by the *habeas corpus*; struck at the currency of the country when the salvation of the government depended upon it. They opposed by their decision the laws of Congress for raising an army, by pronouncing the draft unconstitutional; they opposed the laws of the State of Pennsylvania, authorizing the payment of local bounties to recruits, and only for Judge Agnew, whom we had placed upon the Supreme Bench, in the place of Lowry, it would have been pronounced unconstitutional by the Supreme Court. Johnson, since the war, has pardoned the rebels who attempted to destroy your government and put them on an equal footing with you, who fought to sustain it. Congress anticipated this infamous act and passed laws providing for it, which the usurper Johnson and the Democrats now pronounce unconstitutional, and it will come before the judiciary and you can judge what the decision would be with such men as Woodward or Sharswood on the bench. You need not be surprised at anything Andrew Johnson does. He said two years ago that Congress was an illegal body, and it is believed now by many of the best men in the country that he will attempt to close the doors of Congress, and plunge us into a civil war, more terrible than the one we have just passed through. The true policy of the Government is for loyal men to settle its difficulties and reconstruct it. This is no time for such issues. We should all stand shoulder together in upholding the principles of the Republican party through the coming contest, as we did in supporting the glorious old flag through the late rebellion. (Cheers.)

The next speaker called to the stand was

JOHN M. KIRKPATRICK, ESQ.,

We give Mr. Kirkpatrick's remarks in substance:

He said that his appearance among the citizens of the Ninth ward had become a kind of annual infliction, as year after year the kindness of the people in inviting him among them was fully appreciated. He was a working man; while they worked with their hands in the mills he worked with his brains in his office, and not a man at the meeting would return more tired than he would. He defined the much-talked of "Tioga Act," and pronounced it an infamous libel on the statute book, and should be blotted out; but it could not be done by voting the Labor Reform ticket. There would be no other working men at the Legislature but the delegation from Allegheny county, if it was elected, and they could do nothing; but the proper way to benefit themselves was to secure pledges from the Republican candidates to have such laws passed as they desired, and vote that ticket, as it was a good thing to be with the strong party. Judge Sharswood had decided that the present Congress was unconstitutional, and that every act passed by it was as a dead letter on the statute books.

The speaker referred to the past records of the opposing candidates for the Supreme bench, contrasting one with the other, and urged them to vote for Judge Williams. After some further remarks the speaker closed, and the meeting adjourned to meet at the polls on the second Tuesday of October.

Jewelry—A First Class Allegheny Establishment.

Of the many well conducted business establishments of our sister city, Allegheny, none stands more deservedly high in the estimation of the public than the popular jewelry establishment of Mr. T. H. Klages, No. 93 Federal street. The enterprising proprietor has just returned from a purchasing visit in the East with one of the finest stocks of good jewelry, watches, clocks, silver and plated wares, mantel ornaments and optical goods. The display of rich and plain jewelry cannot be excelled by any house in either city, and embraces all the latest and most fashionable styles. We had the pleasure yesterday of examining the fine specimens of ladies' and gents' jewelry, and while greatly pleased with its neatness and superior quality, we were impressed with the reasonableness of the prices which prevail throughout the entire stock. Mr. Klages makes a specialty of ladies' and gentlemens, gold and silver watches, of Foreign and American manufacture. His new stock in this line is particularly worthy attention, numbering some of the most massive and magnificent watches, as well as beautiful and chaste time-pieces for ladies' wear. As Mr. Klages is a practical and skilled watchmaker, he manufactures a limited number of gold watches himself of very superior quality, which have capped top and bottom, and are compensated. These are faultless time-keepers, and any person desiring to have one can either purchase or order its manufacture. The stock of fancy goods for use and ornament is very judiciously selected and cannot fail proving satisfactory, while the assortment of rich and beautiful silver ware is equally large and enticing. The assortment of clocks of various designs and styles will commend itself to those desiring to purchase anything in that line. We commend Mr. Klages to the patronage of our readers, knowing him to be a fair dealing and honorable business gentleman, whose goods will prove in use all that is represented at time of sale.

The Arrest of "Snibbs" Arnold.

In our account of the arrest of the alleged Sproull murderer, "Snibbs" Arnold, we did injustice to the efficient and faithful officer, McCready, of the Mayor's police, to whom is due most of the credit of the important arrest. The facts of the case are as follows:

Some time ago it became known that Arnold had returned to this city, but before his precise whereabouts could be ascertained he had again left for distant parts. During his absence he was at Cincinnati, Indianapolis and other western cities. Three days ago he again returned to the city, and the Mayor and his police have been on the alert. On Thursday evening their exertions were rewarded. Chief Scott had disposed the officers of the force in the neighborhood of the Fair, to which neighborhood Arnold was known to have gone, and had given each specified directions. At about five o'clock Thursday afternoon, officer McCready, of the Mayor's police, discovered Arnold, emerging from a beer saloon in Lawrenceville, in company with Enoch Howell, a "professional." The officer at once notified officers Moon and Dressler, and they secured their man without much trouble, Mr. McCready walking up behind him and pinioning his arms to his sides. Arnold made some resistance, seizing the officer by the throat with one hand and attempting to draw a weapon with the other. He was overpowered, however, and submitted. In his pocket was found an opened dirk knife, with a long and very sharp blade. The prisoner was locked up until about seven o'clock, when a carriage was procured to carry him to Washington. At that time Chief Scott and other officers entered the cell and handcuffed and shackled him, against which he protested and resisted, pronouncing the whole proceeding an outrage. Before the party had left the watch-house, Thomas Whittaker, having heard of Arnold's arrest, came in and presented himself before the prisoner. Arnold shook his manacled hands at his visitor, and said, in a voice that shook with rage, "I have nothing to say to you, Tom Whittaker, only I have a brother alive and free, and you are now alive." Whittaker replied, "you turned yourself up." "Snibbs" requested a few minutes' conversation with Whittaker, but refused to speak to him in the presence of a third party. He then requested Whittaker to go out with some messages, but the latter was detained by order of the Mayor, until after Arnold had been taken away. The prisoner was taken by officers McCready, Moon and Dressler to Washington on Thursday evening. The officers mentioned deserve great credit in the affair, as do Chief Scott and his other officers, who have worked unweariedly for the arrest of the suspected man.

It is pretty generally understood, with what degree of truth we are not prepared to say, that Mr. Whittaker, who was perfectly innocent of the murder, has information in his possession which will weigh heavily against the prisoner, and possibly ensure his conviction. We have information in our possession which, if it can be relied upon, and we have no reason to doubt it, tends to unravel the Sproull murder mystery, now enveloped in such deep darkness, and to bring to light the true murderers.

A Serious Cutting Affair.

On Thursday afternoon Mr. Fred. Beilstein, a butcher, residing on Spring Garden run, in Reserve township, visited the Fair grounds, and while there hitched his horse, which was attached to a buggy, to a post, and absented himself for a few minutes. During his absence it appears that a young man named William McGuire took possession, and with the intention of taking a ride, was about driving off when Beilstein appeared, and a fight ensued between the parties, in which quite a number of bystanders participated. During the melee it is alleged that McGuire pulled from his pocket a dirk knife, the blade of which he plunged into Beilstein's left side, inflicting a dangerous though not necessarily fatal wound. The perpetrator of the outrage, who resides near Lawrenceville, escaped the vigilance of the police, and up to the present writing has not been apprehended, although the officers have been actively engaged in searching for him. The wound upon Beilstein's person is about one inch in width by two and a half inches in depth, and although serious will, it is presumed, if properly attended to, not prove fatal. A brother of the injured man, Theodore Beilstein, appeared before Mayor Morrison, of Allegheny, and made oath charging McGuire with aggravated assault and battery, and warrants were placed in the hands of the police for his arrest.

A New Firm.

We have pleasure in directing the attention of our readers to the card in another column headed "Co-partnership Notice," of the formation of a new firm in the manufacturing business, under the style of Best & Robinson, who have associated themselves for the purpose of carrying on the manufacture of Flint Glassware, at the corner of Third and Try streets.

Mr. Best has long been identified with the manufacturing interest in this city, and in connection with our worthy and energetic fellow citizen, Col. Wm. Phillips, carried on the above business for many years. Mr. Phillips retired two years ago and Mr. Best, until now, has conducted the business on his own account. Mr. Robinson has resided here some years and is well and favorably known in this community.

The new firm starts under very favorable auspices, with ample means and a full desire to merit the support and encouragement of the friends and patrons of the late firms and the public generally. We have no doubt whatever of their success.

The works are extensive and now in full operation, and the firm are prepared to execute orders to any extent for every description of glassware, including lamps, chimneys, &c., &c.

Lieutenant Colonels by Brevet.

Gen. Grant has within a few days tendered a high compliment to two of our young townsmen that is gratifying to their friends, and a well merited acknowledgment of valuable services, in ordering the rank of brevet Lieutenant Colonel to be conferred on Lieutenants George Ritchie, and Fred. L. Atwood, of the well known "Hampton's Battery." From high privates they worked their way gradually up to Lieutenants, and, the war over, neither sought or expected any further recognition of their services, which all who were in the command knew were gallant and faithful. We congratulate them on their appointment.

The Washington County Murder.

The officers who conveyed William, *alias* "Snibs" Arnold, to Washington county, returned to the city yesterday, having handed over their prisoner to the care of Sheriff Smith. The prisoner avoided saying anything with regard to the Sproull murder, during the trip, and the officers avoided any reference to it. Mayor McCarthy was aware of the presence of Arnold in the city for several days prior to his capture, and laid the plans which eventuated in his arrest. The whereabouts of Young, another of the alleged murderers, is said to be in a city in an adjoining State.

Duff's College.—This sterling institution for the business education of youth and young men rests on its high reputation gained from actual merit, and does not enter Fairs to gain notoriety. Its system is one of the best in use in America, and many of our shrewdest business men trace back all of their success to its careful training. Strangers in the city should not fail paying it a visit, and learning its great inducements to those having sons to educate that they may be fitted for the active duties of life. The beautiful college building, which is one of the most complete in the country, is located on Fifth street, below Wood.

Found Drowned—Coroner's Inquest—Information reached the city yesterday morning, that the body of a dead man had been found in Pine Creek, about three miles above the city. In the absence of the Coroner, Alderman Butler, of the Sixth ward, held an inquest, when a verdict of "found drowned" was returned. He is presumed to have been an old man by the name of Hague, who formerly kept a fruit stand at the junction of Market and Fifth streets, and is supposed to have fallen into the stream while stooping down to take a drink.

Dangerously Injured.—About 10 o'clock last night an unknown man, while standing on a stone wall near the Grain Elevator, Liberty street, accidentally fell to the ground, a distance of several feet, and sustained injuries from which he may not recover. He was insensible, and no person in the neighborhood appeared to recognize him. His injury, which is supposed to be a fracture of the skull, was dressed by Dr. Ahl, after which he was removed to a house in the neighborhood.

Meeting at Braddock.—There was a fine turn out at Braddock's Field on Thursday night last, at the Republican meeting for that time and place. The school house was well filled, with a quiet and attentive audience, and the people listened with deep interest to speeches from Judge Shannon, C. M. Robb, Esq., and Maj. Russell Errett, our candidate for Senator. The able speeches of these gentlemen produced a most excellent effect, and we have no doubt Braddock's will give a good account of itself at the October election.

In Search of a Daughter.—We call attention to an advertisement in to-day's *Gazette* in reference to the spiriting away of a girl aged sixteen years from her home at Irwin's Station. She is supposed to be in the city, and any one who can contribute to the relief of her anxious parents will be doing good service, which will be duly acknowledged.

Pure North Carolina Tar, in barrels, half barrels and kegs, can be had at Fleming's drug store, No. 84 Market street, at lowest rates; also, Turpentine, Rosin, Oils and Varnishes.

Remember that the Tar is the genuine Southern article, and can be had cheaper of Fleming than elsewhere in the city.

Another Fatal Accident.—A man by the name of Thomas Kearns was instantly killed on the Pennsylvania Railroad, near Brinton's station, on Thursday afternoon, by being run over by a passing train. The deceased was thirty-five years of age, and leaves a wife and three children in straightened circumstances, to mourn his untimely demise.

Still Another Fatal Accident.—A man whose name has not transpired was killed on the Allegheny Valley Railroad, near this city, a night or two ago. Alderman Irwin, of the Ninth ward, held an inquest, and a verdict of death by accident was rendered.

Waking Up.—The Second ward (Allegheny City,) Republicans will hold a meeting this evening, at the School House, for the purpose of further completing their organization. A full attendance is desired.

As it Always Does.—Keeler's Patent, Nett and Tare, Hay and Stock Scale received the highest premium, (a diploma,) at the State Fair. Farmers, send orders to J. F. Keeler, 38 Wood street.

Hats and Caps.—All the latest styles may be found at George W. Campbell's, 146 Federal street, Allegheny, six doors above the Diamond.

Terrible Accident on the Pennsylvania Central Railroad—Two Men Killed and a Third Fatally Injured.

It becomes our melancholy duty to announce that an accident occurred on the Pennsylvania Railroad, a short distance from this city, on Friday morning, by which two fellow beings were ushered into the presence of their Maker, without a moment's warning, and a third was fatally injured. The facts attending the unfortunate catastrophe are as follows, so far as they were developed at the inquest:

When the Wall Station accommodation train, which was due here at 6:30 A. M. reached a curve between Homewood and Wilkinsburg, on its first trip west, it met a freight train on the other track. A dense fog prevailed at the time, so dense indeed, that the engineer, upon one of the trains avers that he could not see three feet ahead of his engine. By the glare of the fire from the furnace of the locomotive, the engineer, Frederick Fech, saw an object roll down the embankment, and immediately whistled "down brakes," at the same time reversing the engine. The train was stopped and a man was found fastened by his clothing to one of the bolts of the cow-catcher. The unfortunate man had both his legs cut off, although he was still alive, and was immediately removed to Passavants Hospital, where his injuries were dressed and his sufferings mitigated as much as possible. No hopes of his recovery are entertained.

As soon as the train stopped, Mr. L. F. Ballentine ran back some distance to signal any approaching train, and found two men on the side of the track, one dead, and the other just expiring. The bodies were removed to the office of W. H. Devore, undertaker, on Grant street, where inquests were held by Aldermen McMasters and Butler. Several witnesses were examined, who testified to the facts attendant upon the occurrence, in substance as we have given them. The jury returned verdicts of "accidental death," and exonerated the attaches of the Company from all blame. The parties are Bohemians, and were in the employ of the sons of Judge Mellon, near East Liberty. It is alleged that they belonged to a party of newly arrived emigrants, who, a few weeks ago, passed through this city on their way to a settlement in the vicinity of Cedar Rapids, Michigan. The three unfortunates were left behind for want of funds to convey them further, and occupied a shed attached to McVay and Walker & Co's. foundry. They are supposed to be father and sons, and their names could not be ascertained, they being unable to speak the English language. The remains of the deceased were decently interred at the expense of the county.

Blind Eyes Restored.

The case to which we alluded some weeks ago, of Christina Fisher, of Beaver county, is now entirely confirmed by the appearance of Miss Fisher herself, who to-day called on DOCTOR KEYSER in person, to thank him for his genius and skill in restoring her TO ENTIRE AND PERFECT SIGHT. Miss Fisher had been nearly blind for four months. She was so blind that she could not distinguish any object so as to make out what it was. The case is remarkable, as hundreds of cases like hers are doomed to never-ending darkness, on the flimsy pretext that there is no cure, and nothing can be done. She was under DOCTOR KEYSER'S treatment for two months, and before she applied to him through her brother, Simon P. Fisher, slight hopes were entertained of her ever getting her sight. Her case is well known in the neighborhood where she resides, and has been regarded as one of extraordinary recovery.

We, the undersigned, know of the cure of Miss Fisher, and bear willing testimony to the facts above stated.

CHRISTINA FISHER,
SIMON P. FISHER, (Brother,)
ANNIE BRADLEY,
Taylor Avenue, Allegheny.
EUNICE MCCASKEY,
LOUISA FISHER, (her niece.)

September 27, 1867.

The case above referred to was entirely cured by medicines to cleanse and purify the blood. It is in this way that hundreds of cases of disease are cured, by enriching the blood, and enabling the system to repair lost and failing powers.

The Analeptic system pursued by Doctor Keyser, is almost certain in most cases to set the reparative process of Nature to work, and by driving out the bad blood and depraved humors, and supplying it with new blood and new material, almost any curable chronic disease may be cured.

To Invalids.

Dr. J. W. Sykes, Resident Specialist for Pulmonary and other Chronic Diseases, 191 Penn street, Pittsburgh, Pa., offers to invalids the advantages derived from sixteen years' constant (and exclusive) attention to a limited range of diseases, and an experience embracing many thousand cases.

Dr. Sykes' system of treatment consists in SELECTING FOR EACH CASE THE REMEDIAL MEANS BEST ADAPTED TO ITS CURE. Neither depending on any single remedy, however valuable, nor treating every case according to some single idea or "Theory," new or old.

His patients have the benefit of every new discovery and theory of value. His medical resources include MEDICATED INHALATIONS, BOTH OF VAPOR AND OF ATOMIZED FLUIDS, together with the most efficient cleansing and tonic medicinal and Hygienic measures of still greater value. DR. SYKES' speciality comprises all Pulmonary affections, and other Chronic diseases that may produce or accompany Lung Disease, viz: Consumption, Nasal Catarrh, Chronic Sore Throat, Laryngitis, Catarrh Bronchitis, Plastic and Secondary Bronchitis, Spasmotic Asthma, Scrofula and all blood and skin diseases; Dyspepsia, Liver Complaints, Heart Diseases, Affections of the Spleen, Pancreas and Kidneys, Chronic Diarrhea, Costiveness, Piles, Rheumatism, Neuralgia and Female Complaints.

Dr. Sykes refers by permission to the following gentlemen who have knowledge of his mode of treatment:

Rev. S. H. Nesbitt, D. D., Editor Pittsburgh *Christian Advocate*; Hon. W. C. McCarthy, Mayor of Pittsburgh; Rev. Thomas Sproull, D. D., and Prof. J. R. Newell, Allegheny city, Pa.

Special Opening of Dry Goods.

The enterprising dry goods firm of Messrs. Gardner & Stewart, 69 Market street, corner of Fourth, make an announcement in our advertising columns of a special opening and sale of a large new stock of dry goods. The enumeration of articles is found in the advertisement, and embraces all the seasonable styles of dress goods, and other articles peculiar to the trade. Especial attention is directed to the large stock of blankets, which it is claimed are offered at the cheapest prices which have prevailed here for many years. A large stock of quilts, coverlets, pant stuffs, muslins, &c., is also offered, at very cheap prices. Do not fail to read the advertisement. It will be found in the sixth column of our second page. This firm advertise nothing but what they can live up to, and all persons desiring bargains should favor them with a call during the present special sale.

Caught in the Act.—Frequent complaints have been made with regard to the conduct of the roughs, who, on pleasant evenings, congregate on our leading thoroughfares, and annoy passers-by. Last night, a young lady was brutally insulted on Smithfield street, by a fellow named James Sims, and officer O'Mara, who happened to witness the transaction, very properly arrested him and locked him up in the tombs, where he will have time to repent of his rude conduct.

THE LAST DAY!

This is the last day for the registry of assessments. The man who is not upon the Assessor's list to-night will not have the opportunity of getting on in time for this election.

This is a piece of business which every man should attend to for himself. The Assessor's list is posted up at the election place in each district, and any man can, in a moment, ascertain whether his name is on the list or not, by personal examination. If his name is not on, let him report to the Assessor at once.

But as there are some men who will not attend to this little piece of work themselves, it is the duty of the several ward and township committees to attend to it for them. In every campaign, the district committees have uniformly found numbers of unassessed voters. A little vigilance to-day—a careful scrutiny of the poll lists, together with personal inquiry, will secure to many careless voters a right they have not themselves made an effort to protect. See to it, Committeemen, in time.

LOYALTY COUNTED OUT.

The *World*, in comparing the Reform Bill of England with our Reconstruction Act, speaks with sullen toleration of the enfranchisement of the working classes of England, says: "We are satisfied to believe on the testimony of those who ought to know, and who have been concerned in granting this change, that there is in fact no revolutionary feeling or tendency in England among those who are regarded there as the working classes; and if this is true, all men everywhere, who profess liberal politics, ought to rejoice that those classes are admitted to political power. They are individually as fit to be voters as some other classes who have heretofore had that power;" and by way of comparison adds: "But what should we say, if, by any strange impossible paradox of legislation, those working classes in England had been enfranchised, and whole classes superior to them in intelligence, in property, and in all that constitutes fitness for political power, had been absolutely disfranchised?"

In this it will be seen how completely treason is ignored. That treason which was to be "made odious"—that treason which has loaded us with taxes and debt and doubt; and dotted our land with graves, is, in the Democratic creed, no disqualification for political power. Loyalty to the Government is not even an element in "all that constitutes fitness" for the exercise of sovereign authority in directing its course. Was ever so mischievous, so suicidal a policy proposed for the adoption of any government? How would any business firm exist which should regard the partner and employee, who sought its destruction, as equally entitled to authority in the management of its affairs, with those who earnestly and faithfully sought its preservation and prosperity? If the loyal negro who stood shoulder to shoulder with the bravest of our country's defenders is not superior, in *one* element of "all that constitutes fitness for political power," to the white rebel who sought her overthrow loyalty is worth a good deal less than nothing.

UNDERGROUND RAILWAYS.

A woman recently died in the passage through one of the underground rail roads of London, and a coroner's jury said that is from inhaling impure air. As common sense would teach, the air in these subterranean ways is close and heavily impregnated with foul gases. The air openings are three quarters of a mile apart, and the need of more ventilation was felt upon the constructing the road, but motives of economy led the managers to neglect the warnings of science. An attempt is to be made to remedy the defect, but those who realize the difficulty of proper ventilation in houses and cars, above ground, will be lothe to see these mole highways introduced into this country. We are shocked at the number of people who live in cellars, and we should refuse to follow the lead of England by starting our traveling communities on "their winding way," like rats in subterranean Paris. When so many people collect on any one portion of the earth that they cannot live and move, by building upward, they should imitate the builders of Babel, and spread themselves abroad to where sunshine and pure air await them.

A SMALL PLOT.

The *World* says "multitudes of white men in the South do not try to register; and the reason is that believing it to be the purpose of Congress to have the negroes hold the political power of those States, *they are willing to have the experiment tried out to the end.* We must make our calculations accordingly, and must be prepared to see this feeling operate so far as to lead white men to cast their votes for negro candidates, especially for seats in Congress, in order that the North may sooner realize what this experiment is to bring about. Suppose the plan succeeds, and that by refusing to register, or casting their votes for negroes the Southern whites get themselves represented by negroes in Congress, and said negroes should respect their oaths, be true to the Government and behave themselves as patriots and gentlemen, would not the North be justified in expelling said negro representatives upon the ground that they did not represent their constituents? If the Southern whites engaged in this little plot wish to be represented in Congress they should elect some very small animal prone to burrowing.

SOLDIERS who think of casting their votes with the Democratic party should not forget that when the bill giving them the right to vote in the field was presented in the Senate of Pennsylvania Senator Wallace, Chairman of the Democratic State Central Committee, said: "I vote against this bill from principle. A voter disfranchises himself and ceases to be a citizen when he takes upon himself the duties of a soldier." Let them remember also that the Democrats polled one hundred and six thousand votes against the Constitutional Amendment conferring the right of franchise upon them. This is the party that now professes an ardent and exclusive affection for the soldiers.

RELIGIOUS INTELLIGENCE.

From the abstract of the annual report of the American Board, to be submitted at Buffalo this week, we gather some interesting facts in regard to the Foreign and Home work under their care. In the Home Department, thirty persons have engaged in the missionary work for the first time, within the past year, including four children of missionaries; and twenty-one have re-entered upon the service, after visiting this country for a season. The total income for the year will amount to $437,884.77. The foreign work is prospering. Twenty-four have been added to the working force in the field, and eight or ten others are expected to go out within a few weeks. Eleven new churches have been organized, twenty-two more native pastors settled, and the force of laborers enlarged from eight hundred and fifteen to nine hundred and twenty-eight. The additions to the various churches amount to 1,467—nearly a half more than during the previous year. Christian benevolence has been greatly promoted, and, indeed, every department shows signs of vigor and energy.

The congregation worshipping at the Union Chapel, on Seventh street, Cincinnati, at one time under the pastorate of the Rev. W. A. Sniveley, and more recently of Rev. Alex. Clarke, of this city, which has been on an independent basis, says the *Presbyter*, has gone back to the Methodist Episcopal Church, and Rev. W. X. Ninide has been regularly appointed to the charge in the same way as other charges in that Conference.

According to the *United Presbyterian* the new Baptist version of the Bible is introduced into the Baptist Church, and is beginning to be used in various places. This measure receives strong opposition within that denomination, and general disapproval from all others. It laments that any denomination should have for common and public use its own peculiar translation of the Scriptures.

The *Banner* of this city represents the Presbyterian Book Depository, on Third street, as being in a prosperous condition. Sales during the year amounted to nearly eight thousand dollars, and its capital very considerably increased. The capital is now over five thousand dollars, with not a single dollar of indebtedness. The contributions from the churches are almost sixteen hundred dollars. Friends of the cause living in the bounds of the Synod of Pittsburgh and Allegheny are urged to complete the endowment fund of ten thousand dollars and upwards, and will prove remunerative, and do good to an important concern.

At the close of the annual sermon before the Congregational Association of New York, Judge Gaylor, of Canandaigua, delivered an address on the status of Congregationalism in the State of New York, in which he assumed as the cause of its lack of success, as compared with that of other denominations, the entire want, among a population of four millions, of a single newspaper, theological seminary, college, or literary institution, male or female, devoted to the interests of Congregationalists.

Rev. Dr. Raymond, one of the Professors at the Methodist Theological Institute at Evanston, near Chicago, stated at a Camp Meeting, recently, in giving his religious experience in a love feast, that for forty years, save one night, he had not gone to sleep without a comfortable assurance that if he should die before he woke, he should go to glory. There is no "hope so" about this, but a positiveness that the Scripture warrants may be the experience of every person saved by grace.

The new edifice of St. George's, (Episcopal) New York city, Rev. S. H. Tyng, Rector, promises to be one of the most elegant and gorgeous churches in this country. The old structure was a plain barn-like building. No expense has been spared to ornament the interior of the new church. The ceiling is one of the most artistic and expensive in the land.

The *Advance* has inaugurated a new feature of Congregationalism, by publishing the wants of ministers wishing employment, and of churches needing pastors or supplies. It asks why should not ministers and churches make arrangements mutually convenient, as well as lecturers and associations. The first notice is by a graduate of Chicago Theological Seminary in 1862, who announces he is free to supply vacant churches, either for the single Sabbath or with a view to a settlement. This paper also in its excellent department of "News for the Churches," in its divisions of States, classes such States as Ohio, Michigan, Illinois, Minnesota, Kansas, etc., as the *interior*. Formerly such States as Kansas and Minnesota were known as being out in the far West. California and Oregon are placed under the sub-head, *the West*.

Considerable circulation was given some weeks since to a paragraph stating that Rev. Mr. Stockton and his wife had become insane from attending the Vineland camp meeting. The statement in regard to Mrs. Stockton is contradicted. The immediate cause of Mr. Stockton's insanity, grew out of ill health, and the shock to his nervous system on account of the loss of a cherished son in the army.

At the New York State Sunday School Convention, while the question of Sunday School music was under discussion, Dr. Duryea, of New York city, argued that hymns of sorrow and penitence should not be sung to *dancing* tunes. Though he thought that while Mr. Wesley had said, "It is too bad to let the devil have all the good tunes," if these tunes are so thoroughly mixed up with evil associations in many minds, we had better let the devil have them. He further urged that hymns of sound doctrine only should be used; and ordinarily hyms of *devotion* rather than hymns of *preaching*; hymns of worship rather than exhortation; hymns to God rather than to man.

The New York editorial correspondent of the *Episcopalian* thinks aside from the case of Stubbs *vs.* Tyng, there is a great deal of inflammable material in the Episcopal Church, especially in that diocese just now, which needs to be allayed, rather than excited.

A Methodist minister in Derby, Vt., recently baptized nine persons, at which he used four modes of baptism. Two of the candidates stood at the water's edge and were sprinkled; some went into the water a little way, kneeled down, and had water poured upon them; others went in waist deep, and had water poured upon them; and some were immersed.

Rev. Dr. Muhlenberg, who wrote that grand hymn "I would not live alway," has just celebrated the fiftieth anniversary of his ordination to the holy ministry. He has passed his seventy-first birthday.

The action of the General Assembly of the United Presbyterian Church in the case of Rev. W. C. McCune is producing some uneasiness among the people. The action of the Presbytery of Caledony, New York, indicates this fact.

Men look very wise when they propound the question, why so many more women than men join the church. We shall not attempt to elucidate this question. Some one proposes, however, to answer it when such persons shall explain why so many more men than women are found in our penitentiaries.

During the pastorate of Dr. Patton, the able editor of *The Advance*, of ten years in Chicago, his church has been cleared of a debt of $25,000, and the congregation has raised besides $55,003 for parish purposes, and $90,000 for benevolence. The membership at the time of his settlement was 198—now it is 568.

The National Local Preachers' Association of the Methodist Episcopal Church, will hold its tenth annual session at Boston, Massachusetts, commencing Saturday morning, the 19th of October. Delegates will be received from Conference and District Associations where they may exist; and where such have not been formed, any accredited minister will be received as a member of the body. Rev. John Cottier, of New York city, is the President, and W. H. Kincaid, of Pittsburgh, Secretary.

The Brooklyn Young Men's Christian Association are about to engage the services of a chaplain. A friend of the institution has offered $1,000 towards the salary, if a competent person can be found.

GEN. HANCOCK, in his recent response to a serenade, at Washington, said:

"I need not assure you that my course as a District Commander will be characterized by the strict obedience to law taught me as a soldier. I know no other guide or higher duty. My highest pride will be to perform the duties of my new sphere, not in the interest of parties or partisans, but for the benefit of my country, the honor of my profession, and I trust also for the welfare of the people committed to my care. I ask, then, citizens, that I may be permitted to develop my actions. Judge me when I act by the deeds I may perform, and conscious of my devotion to duty and my country, I shall be satisfied with your verdict."

This discloses excellent sense. More than this no republican asks at his hands.

THE Memphis *Post* says:

"The demand for educational facilities among the colored people in the South has been entirely beyond the supply. Some years it would have required well nigh a million of dollars to cover the full value expended freely for this purpose. Schools are springing up in all quarters. An amount has been accomplished which cannot be told. The exigencies and demand beyond the power of Northern benevolence to supply have forced special action."

This is highly encouraging. If the blacks mean to maintain the liberties they have acquired they must not only diffuse education through all their ranks, but must develop individuals specially trained and fitted for leadership.

IN reviewing the condition of the sugar-producing interest in Wisconsin, the Milwaukee *Sentinel* states:

"Two years ago the prospects of sorghum, or sorgho, becoming a staple were so great that several extensive factories for crushing machines were established within the State. Alas! we fear that many of the mills which they have produced will prove deserted mills this fall. Jack Frost seems to have placed his veto upon the whole sorgho business, by refusing to let the cane ripen before he had nipped it so severely as to greatly damage its quality. We feel warranted in saying that for every acre of sugar cane raised in Wisconsin in 1865, not a quarter of an acre has been raised in 1867."

A YANKEE reasons concerning the Maine election in this way:

"We have got only ten thousand majority, but we can give twenty thousand next year if we want to. It does not follow that because Dr. Winship sees fit to only lift a fifty-six pounder to-day, he cannot lift a half dozen like it to-morrow. What we want to get at is the strength, not the exhibition of it, and a blow which knocks down a man is enough, even if sufficient force to knock down an elephant is not put into it."

CATAWBA WINE.

I am this day in receipt of one hundred cases of this Wine, which I can recommend to the public as the purest article ever sold in this city. It is, without exception, the finest and most pleasant tasted wine in use. Try it, and be satisfied. For medicinal purposes this is no humbug preparation, got up to exhilarate and drown one's difficulties in the mazes of intoxicating excitement.

VIGOROUS VITALITY.

The best defense against disease is a vigorous vitality. Disease is simply a struggle between the life-power and the invisible enemies that assail it; and the result depends upon the relative strength of the antagonistic principles. In proportion to the vigor and energy of the physique and the constitution, is their capacity to resist and fight off the morbid influences which produce sickness. It is a well known fact that active poisons affect in different degrees the weak and the strong. The dose of opium or of arsenic that will suffice to kill a child will scarcely sicken a stalwart man. It is the same with the aerial poisons which produce epidemic and endemic fevers, dysenteries, fluxes and the like. Their effect upon the system depends upon its power of resistance. Augment, therefore, this resistant power, if you would escape these evils. The tonic agent necessary to effect this object has been provided in

HOSTETTER'S STOMACH BITTERS,

A vegetable invigorant of surpassing potency. Fortify the body, increase the vital strength of every organ with this great herbal invigorant. Remember that it strengthens without unduly exciting the animal system.

CURE OF FISTULA.

DR. KEYSER: I write to thank you for your kindness and scientific management of my disease, for which I called to consult you some time in January last. You will remember that I had a complication of diseases which finally ended in a terrible fistula, which had been advised to "let alone" on account of a harassing cough, which it was feared might fasten on my lungs. I knew that the popular mode of treating diseases like mine was by a cutting operation, which, if successful at all, would naturally throw the disease upon the lungs or some other vital organ, on account of the suddenness of the cure and the immediate check to a discharge which I was constrained to believe was a salutary provision of Nature to get rid of some morbid condition in the system. I feel perfectly satisfied that your method of treatment, purifying to the system, and local applications to the fistulous part, must cure, if anything could, without cutting, which I find it did, and I am happy to report myself well in every particular, with sounder and better health than I have had for years. I would also add that the applications you made were almost painless, and have left me a new man, with all the energies and vigor of restored health.

Yours, gratefully, C——.

Dr. Keyser's consultation rooms are No. 120 Penn street, from 9 A. M. until 4 p. m.

IN SEARCH OF A DAUGHTER.
Mr. James M. Keister,
Of IRWIN'S STATION, is in the city in search of his daughter, aged sixteen years, who has been enticed from her home with him, for a base purpose, as he believes. She came to the city on Saturday night, but no further trace has been obtained of her other than she went to the St. Clair Hotel, and failing in getting a room there went to the Scott House, where she remained all night and until eleven o'clock on Wednesday. Her father is naturally very anxious to find her, in order that he may take her back to his home, and to this end is making every effort. Any one having knowledge of the girl, or who can in any way assist Keister, will confer a favor and be rewarded by calling upon him or leaving word at the Scott House. We are requested further to state that the girl, if she desires to return home, need not hesitate through any fear that she might not be kindly received. The deep interest felt in her welfare will render her return occasion for heartfelt joy.

DR. J. SARGENT'S
FAMILY MEDICINES.
DR. JOHN SARGENT'S
Anti-Dyspeptic and Liver Pills,
A CERTAIN CURE FOR
Liver Complaints, Dyspepsia, Bilious Attacks, Jaundice, Sick Head-Ache, Colds, Costiveness, &c.

THE EXTRAORDINARY AND increasing demand for my ANTI-DYSPEPTIC AND LIVER PILLS, has induced me to make them more public, in order that their usefulness may be more extensive, and would earnestly beg of those who have tried other medicines and not experienced the relief they anticipated, to try one box of SARGENT'S ANTI-DYSPEPTIC AND LIVER PILLS. There are no other Pills yet compounded which have given such universal satisfaction, nor do any other Pills meet the requirements of the household as do these.

I cannot, of course, enumerate the diseases for which these Pills are beneficial, but whenever a cathartic is necessary, they will effect a speedy and permanent cure. They remove from the blood all corrupt humors, which are always the cause of the disease: they open those excretory vessels which empty into the bowels; they give a healthy action to the liver, enabling it to throw off all corrupt humors; they promote the secretion of bile, aid digestion, purify the blood, and will, in a short time, restore the body to a state of sound health.

DYSPEPSIA.—This distressing malady—so prevalent in our country—is caused by a want of tone in the stomach, the usual symptoms of which are as follows: a pain or uneasiness upon pressure below the sternum or breast bone, sometimes attended with sour eructation (water brash or heart-burn;) a disposition to vomit, flushes of heat preceding from the stomach, instantly circulating through the whole system; loss of memory; a variable, uncertain appetite; great depression of spirits, inclining to melancholy; weariness and great antipathy to exercise.

It is seldom that all the above symptoms are found in the same patient at one time; any of them, therefore, is a sufficient indication of the presence of the disease and need of this medicine.

DR. SARGENT'S ANTI-DYSPEPTIC AND LIVER PILLS, never fail in curing this disease, when taken according to the directions.

I attach a few of the many certificates I could give in such a form as I hope will be satisfactory; but all the certificates I could publish will not inspire half the confidence that one trial will give.

FROM DR. JOHN BUTLER.

LOWELLVILLE, TRUMBULL Co., O.—DR. J. SARGENT—Dear Sir: I regret your want of attention in keeping me supplied with your Anti-Dyspeptic and Liver Pills; they sell so fast in my drug store. I have been using them in my practice also, with the best consequences. I find them the most efficient of any pills I have ever used. I have been frequently astonished at the large amount of bile removed by so small a quantity of pills given. I request you to send me a fresh supply immediately, as I have been sometime without. JOHN BUTLER, M. D.

STEUBENVILLE, OHIO.—DR. SARGENT—I write to request you to send me a box of your Anti-Dyspeptic Pills by mail. I have not been able to get them since I left Allegheny. I cannot do without them; they have done me so much more good than any other medicine I ever used. I hope you will send some down to our druggist, so that I can get them when I want. I am sure they will sell fast if known. Your compliance with the above will oblige yours, respectfully,
JANE WARLOW.

ROCK POINT, BEAVER CO., PA., February 21, 1866.—DR. SARGENT—Dear Sir: After suffering for two years with Liver Complaint, attended with bad cough, and trying several remedies, I was induced to try your pills, which relieved me immediately, and I take pleasure in recommending them to all suffering from these complaints. Very truly, yours, D. D. MORLEY.

ROCHESTER, PA., 1867.—DR. SARGENT—I consider that I owe my life to the use of your pills. Before I began to use them I was going down very fast. My physician had done all he could, and I still got worse; but when I began to take your pills I got better, and I have no need of the doctor. I am now seventy-five years of age.
ABRAHAM WALKER.

This is to certify that I have used Dr. Sargent's Liver Pills in my family for the last two years, and I consider them the best medicine I know of.
J. M. DEVINNY.
New Brighton, Pa., July 1, 1867.

DR. SARGENT'S ANTI-DYSPEPTIC AND LIVER PILLS can be had of all Druggists—both sugar coated and plain. Be sure and call for Dr. Sargent's Anti-Dyspeptic and Liver Pills, and take no other.

DR. SARGENT'S
COUGH SYRUP,
An Old Preparation for the complete cure of
COUGHS, COLDS, INFLUENZA, CROUP, DIFFICULTY OF BREATHING, ASTHMA, QUINSY, PHTHISIC, ACUTE AND CHRONIC BRONCHITIS, NIGHT SWEATS, BLEEDING OF THE LUNGS, AND ALL DISEASES OF THE LUNGS, THROAT AND CHEST.

DR. SARGENT'S COUGH SYRUP contains nothing injurious, but can be taken by the smallest infant with perfect safety. It does not dry up a cough as most of the quack preparations do that are now flooding the country, but loosens the phlegm from the mucous surface of the Bronchial tubes, and assists its expectoration, at the same time allaying the cough and relieving all pain from the Chest and Lungs.

DR. SARGENT'S COUGH SYRUP is of incalculable benefit in Whooping Cough, subduing it in a few minutes, and speedily effecting its radical cure; and for Croup or Hives it is the most efficient and reliable remedy ever yet discovered—one dose taken according to directions often saving the life of the child.

Sold by all Druggists and Dealers in Medicine. Buy a bottle and give it a trial.

DR. JOHN SARGENT'S
Diuretic or Back-ache Pills,
FOR ALL DISEASES OF THE
KIDNEYS AND BLADDER.

These Pills have now been before the public in this neighborhood for upwards of thirty two years, during which time they have been eminently successful in the removal and cure of these dangerous and troublesome diseases, which often baffle the skill of the best Physicians. This fact is well attested by the number of wonderful cures they have effected, some of long standing. A sense of duty and the urgent request of those who have experienced the beneficial effects of the medicine, impels me to make it more generally useful, by giving it a much wider circulation. Believing that there is no other medicine published for these complaints that can be carried to every man's door without the aid of a physician; and it is a well known fact that there are thousands who are either too far removed from or are unable to procure the aid of one who will be of service to them.

The disease commonly called Back-ache, and to which these Pills are peculiarly applicable, is found to exist in the aged or infirm, the laborious and the sedentary. It is caused by obstructions or chronic inflammation of the kidneys, ureter, bladder, &c., and is known by a deep-seated pain in the small of the back, sometimes extending round the loins to the abdomen; or a dull, heavy, or numbing pain, extending from the back down the lower extremity of the right abdomen to the inner part of the thigh. Great difficulty is experienced in voiding the urine, and many persons afflicted with this troublesome complaint are unable to endure violent exercise; many, when stooping, have danger in assuming an erect position. Having had numerous opportunities for forty years of testing the virtue and efficacy of this medicine and with the advice of those who have experienced the good effects of it, I now respectfully submit it to the public, believing that it will be generally beneficial. The few certificates I publish are from this immediate neighborhood, and can be referred to at any time.

CERTIFICATES.

SIR—This is to inform you that I was very much afflicted with violent pain in the back, and great difficulty in voiding urine. I was recommended by Mr. McClintock to take some of your Diuretic Pills, which I did, and was perfectly cured, and I have not felt any of the complaint since, being eighteen months.
MERCER COUNTY. JOHN STEWART.

DR. SARGENT—Sir: I have to inform you that I believe I owe my life entirely to taking some of your Pills. I have been taking medicine for several days from my physician without effect, being confined to bed and in great agony, when my husband applied to you and was told by you that I had the gravel. I took the first dose as you directed, and experienced relief, and my disorder left me after taking the remainder.
ALLEGHENY. MARGARET BEAT.

DR. SARGENT—I was for a long time afflicted with what I thought to be rheumatism in my back, so that when I stooped down I could scarcely right myself again. I was advised to try your Pills, which cured me, and I have not felt it since. I have since given a great many away to others, who have found the same benefit.
J. WILLIAMSON.

CROWN'S BOTTOM INN.
SIR—I was for a long time afflicted with a pain in my back. I was advised by Mr. Williamson to try your Pills, he gave me some, which completely cured me. I have since obtained two boxes, and gave them to others in our town with the same effect, and if you had charged ten dollars for them I would have paid it cheerfully.
LEWIS HUMISTON.

AKRON, OHIO.
SIR—I have been afflicted with the complaint described in your papers for the last five years, during which time I have tried everything I could hear of without effect, till I met with your Pills: I have now taken half a box, and want more to continue taking them, as I feel better now than I have felt for four years, and I have no doubt the next box will cure me.
J. MILLER.

ALLEGHENY.
SIR—I have been troubled with back ache for four or five years, so that at times I could not rise up or lie down without pain. I took part of a box of your pills, which completely cured me, and I have been in perfect ease ever since. I do, therefore, confidently recommend them to others.
PETER CRUMPTION.

AUCTION SALES.

62 LOTS! 62 LOTS!
GREAT SALE OF
REAL ESTATE AT AUCTION.
On MONDAY, October 2d, at 2 o'clock P. M., on the premises, will be sold, 62 very handsomely elevated and desirable property, adjoining Fort Herron, near Minersville, being part of the estate of the late John Herron, dec'd. The property consists of SIXTY TWO LOTS, laid out in various sizes, from the ordinary building lot to those of one acre each. The entire property occupies an elevated position, is free from the smoke and dust of the city, and in a good neighborhood; is convenient to the city by Passenger Railroad, thus making communication with the business portion of the city but a few minutes' pleasant ride, being only two miles from the Court House.
Terms—One-third cash, balance in two equal annual payments, secured by bond and mortgage. Purchasers to pay for title papers and U. S. Stamps.
Through cars will leave Court House, corner of Grant street, every half hour.
Plans can be obtained by calling at the office of W. C. AUGHINBAUGH, Esq., No. 87 Diamond street, or

HUGH McKELVEY, P. M.

A Disorderly Case.

John Lanhard, a young man residing in the Second ward, Allegheny, was arrested on Hemlock street at a late hour on Thursday night, by officer John Chess, while drunk and acting in a very disorderly manner. Upon a hearing before Mayor Morrison, yesterday morning, it appeared that John was in the almost daily habit of getting drunk and using foul language towards his father, besides otherwise abusing him, at all hours of the day and night. A fine of twenty-five dollars was inflicted, which the offender was unable to pay, and he was committed to jail for thirty days.

Stolen Horses Recovered.—Some three weeks since, two valuable horses belonging to Mr. Wm. H. Stewart, of Sharpsburg, were stolen, and no trace of them could be obtained until a few days ago, when officers Wilmot and Brown ascertained that animals answering the description of those taken had been disposed of to a well-to-do farmer in the vicinity of Harrisville, Butler county. Upon proceeding to the farm of Wm. H. Harrison, in that vicinity, they found the animals, which were fully identified and handed over to the owner yesterday. Mr. Harrison purchased them from two men to whom he supposed them properly to belong. Horse thefts have been quite frequent of late, and persons cannot be too careful from whom they purchase.

False Pretence.—Gotlieb Berge, of the firm of Craig & Berge, of the Sixth ward, appeared before Alderman Lynch yesterday, and charged a colored man named Reuben Dupreaux, with the above offense. Reuben hails from Texas, and finding himself free under the Emancipation Law, made his way to this locality, where, by frugality, he amassed some means, which he invested in a couple of horses and wagons. One of the vehicles being out of repair, he engaged the above named firm to make him a set of wheels, which he subsequently refused to take off their hands, hence the suit. Reuben was arrested and gave bail for a further hearing to-day.

Burglary in the Fifth Ward.—At an early hour yesterday morning the boarding house, No. 499 Penn street, in the Fifth ward, was entered by burglars, who proceeded to the apartment occupied by the proprietor and stole from a vest which was hanging against the wall, some sixty dollars in money. The entrance was effected by forcing open the back door with a "Jimmy" or other like instrument. The police have been unable to ascertain any clue to the perpetrators.

Another Theft at the Fair.—During the progress of the Fair, Mr. James A. Speer, the well known plough manufacturer, of the Fifth ward, Allegheny, had his pocket picked by some experienced "knucksman." The adroit scoundrel succeeded in abstracting from Mr. Spear's pocket, a book containing three hundred twenty-six dollars and forty cents. He has given a description of the party suspected of the theft, whom, it is to be hoped, will be apprehended.

BELTING AND PACKING OFFICE OF W. & A. J. PACKARD, Youngstown, Ohio, June 17th, 1867.

Messrs. Burke & Barnes, Pittsburgh, Pa.

GENTLEMEN—We ship you, to-day, by railroad, a safe of your make, for a few repairs. The safe went through the disastrous fire that occurred here on the 6th of March last, burning our store and warehouse, and we are glad to inform you that the papers taken out of the safe after the fire were not harmed in the least. We did not suppose any safe, especially so small a size, could possibly stand such a fire, and when we discovered the papers all safe and sound, we were agreeably disappointed. We will give you an order for a large size safe when we get into our new store.

Truly yours,

W. & A. J. PACKARD.

MISCELLANEOUS.

ACROSS THE SIERRA NEVADAS.

THE Central Pacific RAILROAD,

THE WESTERN HALF OF THE

Great National Trunk Line Across the Continent,

Being constructed with the AID AND SUPERVISION OF THE UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, over which the immense overland travel must pass, and the

Principal Portion of the Main Stem Line Between the two Oceans.

Its line extends from Sacramento, on the tidal waters of the Pacific, eastward across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West, and will meet and connect with the roads now building east of the Rocky Mountains. About 100 miles are now built, equipped and in running operation to the summit of the Sierra Nevada. Within a few days 35 miles, now graded, will be added, and the track carried entirely across the mountains to a point in the Great Salt Lake valley, whence further progress will be easy and rapid. Iron, materials and equipment are ready at hand for 300 miles of road, and 10,000 men are employed in the construction.

The local business upon the completed portion surpasses all previous estimate. The figures for the quarter ending August 31st are as follows, in GOLD:

GROSS EARNINGS.	OPERATING EXPENSES.	NET EARNINGS.
$487,579 64	$86,648 47	$401,031 17

Or at the rate of two millions per annum, of which more than three-fourths are net profit on less than 100 miles worked. This is upon the actual, legitimate traffic of the road, with its terminus in the mountains, and with only the normal ratio of government transportation, and is exclusive of the materials carried for the further extension of the road.

The Company's interest liabilities during the same period were less than $125,000.

Add to this an ever-expanding through traffic and the proportions of the future business become immense.

The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $35,000 per mile, not including an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waving its first lien in favor of the First Mortgage Bondholders, THE GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per cent. Coupon Bonds,

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1,000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield yearly

Nine per cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the bonds granted by the Government; and represent, in all cases, the *first lien* upon a completed, equipped, and productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The Central Pacific First Mortgage Bonds have all the assurances, sanctions and guaranties of the Pacific Railroad Act of Congress, and have in addition several noticeable advantages over all other classes of railroad bonds.

First—They are the superior claim upon altogether the most vital and valuable portion of the through line.

Second—Beside the fullest benefit of the Government subsidy, (which is a subordinate lien,) the road receives the benefit of large donations from California.

Third—Fully half the whole cost of grading 800 miles eastward of San Francisco is concentrated upon the 150 miles now about completed.

Fourth—A local business already yielding threefold the annual interest liabilities, with advantageous rates payable in coin.

Fifth—The principal as well as the interest of its Bonds being payable in coin, upon a legally binding agreement.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions, and others, as an eminently *sound, reliable and remunerative form of permanent investment.*

STATE FAIR.

Closing Day—Award of Premiums—A Few of the Successful Ones.

Yesterday was the day assigned for the closing of the highly successful State Fair, and in consequence the attendance was very large, although visitors were by no means as numerous as on the preceding day. Perhaps during the day ten thousand persons passed through the entrance gates into the grounds, but at no single time was that number on the grounds. The dust was not so troublesome, as but little air was stirring, and besides the race course and drives had been thoroughly wet down with perambulating water carts. The weather was the most enjoyable experienced during the Fair, and everybody was highly delighted with the visit to the grounds.

The award of premiums was made during the day, and in most cases the decision of the judges appeared to render satisfaction. We endeavored to obtain a full list of the awards but failed, and here take occasion to say that we will cheerfully note all awards made to our advertising friends.

The Fair has been the most successful and best ever held in Pennsylvania, and we doubt not has added largely to the treasury of the worthy Association under whose auspices it was held. Too much credit cannot be awarded the officers of the Association for the highly creditable manner in which they discharged their duties, and for the laborious work they performed in order that the Exhibition might prove a success. The President, A. Boyd Hamilton, Esq., and Secretary A. G. Longaker, Esq., both displayed unusual executive ability, and to their energy and intelligence is due a large share of the grand success which attended the Exhibition.

THE BREAKUP.

Towards dark the Fair grounds were well nigh deserted and the jaded exhibitors were wearily working away at packing up their goods and articles. Their work was not fully accomplished, and much was left on the grounds to be packed up and hauled away to-day. The itinerant showmen pulled up their stakes last night and moved off to new quarters, carrying with them handsome profits made out of the gullibility of unsophisticated visitors. To-day the grounds will be entirely cleared and hardly any trace will be left of the great Fair which attracted so many thousands to our city. And so ends the eleventh exhibition of the Pennsylvania State Agricultural Society.

PREMIUM STOVE.

Mr. J. J. Anderson, of Rochester, Beaver county, Pa., carries away with him a first premium for a very excellent cook stove which he had on exhibition. During the Fair it attracted much attention not only from housekeepers, but from men of practical science. Mr. Anderson but recently commenced the manufacture of this stove, but they have had large sale, and have fully demonstrated their great worth and advantages. Their manufacture will be prosecuted with vigor to supply orders for the coming winter, and any of our readers desiring to procure such a stove should send their orders. The oven of the stove is an especially attractive feature; baking either on the edges or top or bottom. The expression of the judges will prove highly gratifying to the very worthy and excellent gentleman who had the stove on exhibition, while we believe it will render perfect satisfaction all around. The endorsement of a State Fair, especially the award of a first prize, is a very good recommendation for any new invention.

GRAFF, HUGUS AND CO.

As we anticipated, this enterprising firm bore off the highest honors for that most desirable and advantageous auxiliary to well furnished houses, the Double Oven Boston Range. The judges carefully examined this article and after due consideration awarded it the first premium. The decision was just, and those who paid any attention to its attractions will second their action. The celebrated Columbia Cook Stove also bore off a first premium. Its merits have been fully set forth in previous notices which have appeared in the GAZETTE. The selection of grates was highly praised by the judges, and a first premium was awarded a fancy one set low down. The Morning Glory Parlor Stove, which is very beautiful and performs its work like a charm, was likewise awarded a first class premium, while the Morning Glory Furnace was similarly honored. The other meritorious articles in the foundry line which the firm of Graff, Hugus & Co. had on exhibition were each specially honored, and the compliment was deserving. Any of the articles mentioned in this and previous notices can be purchased to advantage at the extensive ware rooms of the Company, Nos. 206 and 208 Liberty street. We bespeak for them a large share of public patronage. Their manufactures rest for endorsement on pure merit alone.

JAMES ROBB—BOOTS AND SHOES.

No premium awarded at the Fair was more justly bestowed than that awarded to Mr. James Robb, 89 Market street, for the best display of boots, shoes, &c. In this line of business the house of Mr. Robb has a firmly established reputation, acquired by the uniform superiority of the extensive and varied stock at all time kept on hand to accommodate wholesale and retail trade. His display at the Fair indicated to visitors a good idea of the trade enjoyed by Mr. Robb, and the premium awarded was eminently deserved. The season is at hand when people should improve their "understandings," and we recommend all to favor the establishment of Mr. Robb, confident in the belief that they will be suited both as to seasonableness and prices of all kinds of articles desired in the boot and shoe line.

EUREKA COLORS AND PAINTS.

The same Company were honored with the first premium for superior oil ground paints, and fast and brilliant colors. This was generally expected, as the colors and paints bearing the Eureka brands enjoy an enviable reputation and are rapidly growing in public favor. The paints are durable and cheap, the colors bright, true and beautiful. All orders should be addressed to Mr. R. C. Machesney, No. 19 St. Clair street, and will receive prompt attention.

LOUGHREY & FREW,

The well known saddlers and harness makers, bore off the first premium for well made ladies' saddle and fine set of silver plated harness. The honor was fairly won. The establishment is at No. 102 Wood street.

EUREKA OILS.

The very fine specimens of lubricating and illuminating oils which were placed on exhibition by Mr. R. C. Machesney, agent for the Eureka Oil Company, was awarded first premium. This decision was just. The lubricating Eureka oils are everywhere recognized as a most superior article, while the illuminating oils sustain an equally high reputation. The office of the Company is located at No. 19 St. Clair street, where all orders will receive proper attention.

THE IRON CITY COLLEGE TRIUMPHANT.

The spirited contest at the Fair between the different business colleges having been unanimously decided in favor of the Iron City College, by the Judges bestowing upon it the *Highest Honors* over all competitors, together with the fact that the college has already received upwards of One Hundred First Premiums and Gold and Silver Medals over competing institutions in the United States, gives this a prominence which, perhaps, no other institution in the country has attained, and most unmistakably stamps it as one of the leading business colleges in the Union. What more than all else has contributed to its present popularity and high standing among business men is the splendid system of practical actual business training, of which it is among the highest representative in Western Pennsylvania. We would advise all men who have sons to educate to examine its system of practical instruction and compare it with the course pursued in other institutions.

WEYMAN & BROS.' SLATE MANTLES

continued to attract attention during the closing hours of the fair. This firm was the first to introduce this kind of mantle to the public here, and in a very few years they have conquered a formidable prejudice against them—not on the part of the public so much as dealers, who could not appreciate the utility or beauty of the invention. Now slate mantles have become very fashionable, and adorn many of the finest residences in the county. These mantles are manufactured in this State from slate stone, and enameled in imitation of the richest and most rare marble. Their prices range from $40 to $50. Nothing can exceed the beauty of polish or richness of colors, while the durability of the mantles, and their freedom from soiling and staining, constitute a great point of merit. They have been in use in this country for fifteen, and in Europe for the last fifty years, and have gained steadily in popular favor wherever introduced. Dealers here were at first slow to recognize their merits, and in some instances their use was entirely discountenanced. Now every dealer who keeps pace with the enterprise of the age, has slate mantles for sale, because the public taste demands them. Being the pioneers of the business here, they are able to offer the most liberal inducements to their customers, and guarantee perfect satisfaction in the using. Their warehouse contains a large variety, and those intending to build should not select their mantles until they have examined the stock at No. 79 Smithfield street.

CALIFORNIA WINES—TWO PREMIUMS.

The productions of the vineyard exhibited by A. M. Hackett, agent of the California Wine Company, were awarded two premiums, the excellence and superiority of their productions, although already pretty well established in this vicinity, being thus most satisfactorily demonstrated, after great competition. A peculiarity, and one which cannot fail of appreciation, is their purity, while in flavor they are far superior to most of the famous foreign wines. The office of the Company is located at No. 115 Liberty street, New York; a fact which should be remembered by persons who contemplate ordering any of the superior wines out this way. Dealers should not hesitate to discard foreign wines in a great measure for the more profitable and purer home manufactures of the California Company. They offer the following and guarantee them pure: Hock, Sherry, Sweet, Angelica, Muscatel, Port, dry and sweet, and especially recommended for church purposes. Also wine bitters, an excellent tonic; Claret, Catawba, sparkling Champagne, still Champagne and Madeira. Families cannot do better than make a trial of their wines. The company was incorporated in November, 1856, and since its establishment the wines have been constantly increasing in public favor. Dr. L. H. Norton, of New York, is President, L. R. Goodwin Secretary, and J. W. Thompson, General Agent. Agencies have been established in all the principal cities, and the business of the company is spreading to every section of the country. The company have a resident agent in Sonoma Valley, whose undivided attention is given to selecting, storing and shipping the wine, and thus the importations can be guaranteed. We advise all to give these wines, which include every variety, a trial.

CARGO'S PICTURES.

R. M. Cargo, among those longest in the business in this city, keeps pace with the remarkable improvements which have been made in the photographic art, and the portraits taken by him adorn many parlors throughout the county. He has two establishments, one in the *Dispatch* Building, Fifth street, and the other on Federal street, Allegheny city, next to the Railroad Depot. Oil paintings have become a great feature in his business, and those turned out by him are of a most superior character. Mr. Cargo is thoroughly conversant with all the details of the art, and indeed his extensive practical experience alone entitles him to rank with the foremost in the profession. He exercises close superintendence over the pictures turned out at his galleries, and it is always his aim to suit the taste of his customers and at the same time to maintain his high standing as an artist, acquired after years of close application and untiring industry. His exhibition at the Fair compared favorably with any other in his line, and in the specialty of oil painting it may be said to have excelled. He is thoroughly devoted to his profession, and by that devotion he has gained a reputation as an artist second to none in this vicinity.

JOHN S. HERRON & CO—STOVES.

The display made by this firm met with just recognition, the first premium having been awarded for Henderson's patent heating furnace for soft or bituminous coal. This is something entirely new, being made on a principle, whereby the smoke or volatile combustible is all consumed perfectly, uniformly and clearly. The "Model" Hall stove also took the premium. This stove is extensively adopted in Western Pennsylvania, Eastern Ohio and West Virginia. It possesses the best features of a first class hall heater, and is a fine ornament in a dwelling. Messrs Herron & Co's display attracted the attention of nearly every visitor to the fair, and it should be remembered that at their establishment is one of the most complete assortments of stoves for all purposes that can be seen in Pittsburgh. This firm conducts its extensive business on strictly liberal principles, and enjoys a high reputation in this community. We sincerely hope that our friends from a distance will not omit to improve the present opportunity and call at Messrs. J. B. H. & Co's warehouse and stove rooms, No. 201 Liberty street.

FAIRBANKS, SCALES.

There is nothing more desirable both to buyer and seller than correct weight, and the only way to get it is to have correct and reliable scales. During the Fair visitors examined with great interest the scales on exhibition by Fairbanks, Morse & Co., corner of Wood and Second streets, Pittsburgh. The collection embraced every variety, ranging from the smallest prescription scale used by druggists to the largest sized platform scale adapted to the weighing of coal, hay and stock, combined in one. This scale, for testing grain, is used by all the inspectors in Chicago, which goes to show that this firm maintains a manifest superiority over all others. Another scale, deserving of special mention, is called the "Butcher's Scale," and if introduced in our markets would, without doubt, give general satisfaction. Indeed all the scales manufactured by this firm are very accurately adjusted, warranted correct and reliable, and not liable to get out of order. Every person who visited the Fair and examined the different kinds exhibited, will read with as much pleasure as we write the fact that a diploma was awarded Messrs. Fairbanks, Morse & Co., for the best weighing scales; also a premium for the best lot of small and large scales, and also a bronze medal for the best hay and stock scales.

SHUTTER FASTENING.

We observed among the collection of articles on exhibition by the firm of Price & Sims, 29 Wood street, Reed's patent shutter fastening, which, for simplicity and its general adaptability to all kinds of shutter, we think surpasses any invention of the kind. There is nothing complicated about it; it consists simply of a single piece of iron, forming a half circle, two of which are attached to each window sill, and when the shutters are opened and the fasting put in position it holds them fairly to their place, and its simplicity of construction, upon which to a great extent depends the value and general usefulness of all inventions, renders it impossible to get out of order. This fastening may be seen at any time at No 29 Wood street, and we are confident that it only needs to be seen to be appreciated.

State Christian Convention.

The following circular has just been issued, addressed to the pastors and brethren of the Christian churches in Pennsylvania, Eastern Ohio and West Virginia:

A desire has been expressed that the pastors and brethren of all the churches of Christ in Pennsylvania, Eastern Ohio and West Virginia should meet together for the purpose of stimulating each other to greater activity in the cause of Christ, by means of united prayers to the Head of the Church, and by a free interchange of opinions and experience in regard to questions pertaining to practical Christian effort.

Never was there greater need for united Christian activity. The fields are ripe for the harvest.

The work of Christ among the young; home evangelization; efforts to be made to spread the Gospel among the poor and neglected, and the duties of Christians as connected with these efforts, are subjects of such importance that united prayers and consultation seem to be most desirable.

To this end, the Young Men's Christian Association of Pittsburgh, in conjunction with the pastors and ministers whose names are annexed, have decided to call a Christian Convention, similar in character and objects to those which have been held in Massachusetts, Maine, Wisconsin, Illinois and other States, which have been already so fruitful of good to all connected with them.

We do, therefore, most cordially invite all the Christian Churches of Pennsylvania, Eastern Ohio and West Virginia, to send delegations of the Pastor and two or three laymen, to meet in Convention with us at Pittsburgh, on *Tuesday, Wednesday and Thursday, the 22d, 23d, and 24th of October next.*

The Convention will assemble for organization and devotional exercises on Tuesday evening, at 7½ o'clock, and the sessions of the Convention will close on Thursday.

On Thursday evening will be held the Anniversary Exercises of the Young Men's Christian Association.

No credentials required; but it is desirable that parties should notify the Recording Secretary of the Young Men's Christian Association of their intention to attend the Convention, and that on their arrival in the city they should report at the Association Rooms, No. 23 Fifth street, that homes may be provided for them.

Arrangements are being made with the various railroads, by which persons who attend the Convention, and pay full fare to this city, will be furnished with return tickets over the route by which they came.

(Signed.)

Revs. A. K. Bell, D.D., John G. Brown, D.D., John B. Clark, D.D., A. A. Hodge, D.D., W. D. Howard, D.D., James Allison, F. Blood, Alexander Clark, S. F. Crowther, Jas. S. Dickerson, B. Edmiston, Jas. B. Graham, M. W. Jacobus, D.D., L.L.D., H. Johnson, D.D., D. R. Kerr, D.D., L. F. Morgan, D.D., J. G. Goettman, Joseph King, Wm. H. Locke, V. Lucas, Samuel Laird, H. Miller, R. T. Miller, A. C. M'Clelland, S. H. Nesbit, D.D., John T. Pressly, D.D., Wm. Preston, D.D., S. J. Wilson, D.D., John M'Millan, Thomas X. Orr, W. Reeves, S. F. Scovel, E. E. Swift, E. K. Squier, E. B. Snyder, R. H. Sutton.

COMMITTEE:

Oliver M'Clintock, President Y. M. C. A.; J. A. Emery, 1st Vice President; A. B. Riggs, Recording Secretary.

The "Business Committee" are engaged in the preparation of the order of exercises, topics for discussion, &c., the details of which will be published at an early day. It consists of the following named gentlemen: Rev. S. F. Scovel, Hon H. W. Williams, L. L. D., M. A. Woodward, Esq., Wm. Frew, J. W. F. White.

The circular for this call has already been sent to most of the evangelical ministers to whom it is addressed. As the Convention will undoubtedly be very large, it is of the highest importance that Pittsburgh should extend the largest and most cordial hospitality to the delegates. To this end the Committee of Arrangements request that the pastors of all the churches in sympathy with this call, give notice of the Convention at the earliest opportunity to their congregations, and urge upon all who can the offering of accommodations to the delegates in attendance. The particulars as to name, residence, and number they can accommodate, are to be reported to the Church Committees of the Young Men's Christian Association in the respective churches where they exist, and where they do not exist, through the pastor or other church officers, to the rooms of the Association.

Books at Half Price at Colonel J. D. Egan's, 41 Sixth Street.

In another column, Col. J. D. Egan, the well known book and news dealer, announces a large collection of law and medical books, classical works, works of fiction, and Sabbath School books at half price. Col. Egan's establishment has long controlled the market here for rare standard works, and no where else can the antiquarian find such a valuable stock of publications which have long since gone out of print. He has also the back numbers of all the popular magazines, which, with his collection of standard literature, he offers at half price. Col. Egan keeps a general assortment of stationery, toy books, stereoscopes and stereoscopic views, and full lines of articles in his line of business. He is the only practical and experienced binder in the book trade, in this locality, and persons needing any work of that description can entrust it to no better hands. We cheerfully commend Col. Egan to the patronage of our readers, knowing him to be a fair dealing and honorable business gentleman. See his card in another column. The store is at No. 41 Sixth street, a few doors below Smithfield street.

Enterprise vs. Lincoln.

The question as to the championship of Western Pennsylvania, between the Enterprise and Lincoln base ball clubs, was brought up yesterday at the Union Skating Park, Allegheny City, and decided in favor of the Enterprise by a score of 60 to 24. This was the last of the three games played this season, each club having scored a victory on the former occasions. The game was witnessed by a goodly number, including many of the fairer sex. The "boys" of both clubs seemed to appreciate the importance of the game, and did their level best to place as many scores to their account as possible. "Chucker" Pratt was on hand, of course, with the two "Bowers," "Jack" Irwin and "Jack" Earle. The feature of the occasion, however, was three splendid "sky scrapers" taken in succession at the centre of the field by Kurtz, of the Lincoln. The Umpire was Mr. S. M. Lee, of Kittanning, who, after the close of the game, received the hearty cheers of both clubs for the honest and impartial manner in which he did his duty.

Committed for Debt.—An individual whose personal appearance would indicate him to be anything but a dishonest man, was incarcerated in the county jail yesterday upon a judgment for a debt of ten dollars, eight cents interest, three dollars and sixty cents costs, and seventy cents for an execution. The writ was returned "no property," and the county of course has to bear the expense of the poor fellow's keeping in order to punish him for what he alleges is the payment of "black mail." We understand that steps have been taken by the prisoner to bring the case before one of our courts upon a writ of *habeas corpus* through his counsel, W. C. Moreland, Esq.

Should be Enforced.—The ordinance prohibiting dealers from purchasing the commodities of life in the Allegheny Market House, during market hours, appears to be a mere nullity. The violation of the law in this regard has become so common as to be looked upon as a matter of course, and the market constable cannot certainly fail to know as much about the matter, if due diligence is exercised, as the day police, who are only upon the grounds casually. A remedy is sadly needed and the whole community are interested in seeing that the provisions of the ordinance are impartially enforced.

The Second Ward has been thoroughly canvassed by the Committees of its Republican club, and the gratifying announcement is made that the majority at the forthcoming election will exceed that awarded Lincoln in 1864, and Geary in 1866. No ward in the city has been so thoroughly organized, and much of the credit is due Thomas Steele, Esq., the Chairman of the Republican club of that district. The club held a meeting last night, at which the above gratifying report was made by the canvassing committees.

Skull Fractured.—Last night about ten o'clock a man was brought to the watch house who had fallen from the wall along Liberty street, above the Union Depot, and sustained a fracture of the skull. He was picked up by the night watchman on that beat, who stated that he thought he recognized the injured man as a coal miner at East Liberty, named Samuel Peden. He is about forty years of age. Dr. Murdoch was summoned to dress his injuries.

In-dust-really.—Snooks says the late Fair was an Industrial Exposition.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, September 27, 1867.

Gold remains unchanged at about 143¾. The under tone of the market is remarkably firm, despite the heavy sales of the government. There is no rush to buy, but the oversold condition of the market may cause excitement from the slightest cause or pretext. The election in Tennessee to-morrow, as well as the Pennsylvania election, on next Tuesday week, will exercise a great influence on the premium on gold. Government securities are lower to-day, and the market is well supplied with bonds from small holders, who have to sell their earnings, and even among larger holders a disposition is evinced to sell, and buy back at lower rates. The stagnation in business and the high rate of interest will force more bonds on the market than can be absorbed, and, consequently, lower quotations will prevail.

Stocks are subject to great and sudden fluctuations; any attempt to sell a large lot at advanced prices will force down the market, and each decline is followed by a sudden advance caused by the large short interest outstanding. Mining shares are lower but firm at the decline.

Money on first class business paper, single names, will command 12 per cent. per annum, and from 9 to 12 per cent. is willingly paid for bonds and mortgages. Any notes having over three months to run are almost unsaleable.

—The Chicago *Tribune*, of Thursday, reports money matters in that city, as follows:

There were no new features developed today in the tone or condition of the money market, save that the remittances of currency to the interior were on a larger scale than on yesterday. Several shipments were made to Milwaukee, where there was quite a scarcity. The question of moving the crops to the seaboard on time bills is creating considerable talk in produce circles and bank parlors, and in the latter it is unanimously admitted that the banks cannot do it—have not the means to do so. It is estimated that fully one million dollars per day are required to handle the receipts of grain at this port and Milwaukee, and, were the banks to inaugurate the policy of moving the crops on twenty day paper, they would be "scooped out" of their entire capital before the maturity of their first batch of bills. Our bankers find it keeps them busy to move the grain from the place of growth to this city, and furnish shippers the means for making up cargoes. When these are made up and cleared, the east must pay for them. There are still an enormous quantity of produce to come forward before the close of navigation, and in moving it to this city the banks will have ample employment for their surplus funds, without discounting twenty or thirty day paper for eastern grain dealers. There is no relaxation in the scrutiny of paper presented for discount, and loans are only granted to depositors in good standing.

—The New York *World*, of Thursday, says: In regard to the gold market, those who are long in gold and short of bonds will do well to consider the rapidity with which Europe is absorbing the 6 per cent. bonds of 1865 in place of those of 1862. The natural result of this change in the European market for our bonds will be a steady decline in the price of five-twenty bonds of 1862, and an advance in those of 1865, producing a gradual approximation in price and probable merging in one. While the European cable telegram report only the decline in the bonds of 1862, they fail to quote those of 1865 which show an advance. Many parties in Europe are selling the bonds of 1862, and buying in their place those of 1865. Recent advices state that the demand for bonds of 1865 is increasing, and it looks as if Europe will take all that we produce.

PITTSBURGH METAL AND BLOOM MARKET—WEEKLY REVIEW.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, September 27, 1867.

The metal market, compared with last week, presents but little that is new. The demand for good standard forge irons, is fully up, indeed, is somewhat in excess of the supply, and, as a consequence, prices are firm, and, for this particular grade, tending upward. There is quite a brisk demand for desirable brands of foundry irons, and, as a general thing, our commission men cannot supply the wants of the trade. The mills, as a general thing, are nearly all running, but the mill men continue to complain of hard times; there seems to be only a moderate demand for manufactured iron and nails, and owing to a sharp competition from other points, prices have been reduced down to what is commonly called a starvation point. We have the following sales reports:

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, September 27, 1866.

CRUDE.—The market is quiet but steady at former quotations. We can report sales of 1000 bbls on spot at 13¼; 400 bbls to be delivered on first water at 12; and 200 bbls "Smith's Ferry," on spot at 12¼. We continue to quote at 13 to 13¼ for spot oil; 12 to 12¾ for all 1867, sellers option, and 13 to 13¼ for same delivery, buyer's option; and 12 to 12½ to be delivered on the resumption of navigation, or first water.

REFINED.—The market for bonded oil was stronger and more active to-day under the influence of the improved character of the advices from Europe, and prices ruled a shade higher. We can report sales of 1000 bbls for September at 33¾; 1000 for November, buyers option at 35; 1000 to be delivered between the 1st and 15th of October, seller's option, at 35, and 1500, 500 each for October, November and December, at 34½. Late in the day, the dispatches from the east were unfavorable, and it would not be surprising if buyers asked for concessions to-morrow.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, September 27, 1867.

The general markets present no new characteristics worthy of special notice. There appears to be less excitement, and a tamer feeling, as a general thing, and Flour and some other comodities are likely to go lower—within the past few days Flour has declined close on to one dollar per barrel in Chicago.

GRAIN—Wheat is quiet but firm, and the arrivals are light; we continue to quote at $2,30 for Red, and $2,50 for White. Corn is in limited supply and firm but unchanged; sales reported at $1,25@1,28. Oats continue firm and tending upward; sale of 1 car at 65c; 1 do do at 69c, and small sales in store, at 68@70c. Barley is still quoted at $1,25@1,30. Sale of 486 bush Rye at $1,30, which is now regarded as the ruling price.

FLOUR—Is dull and a little weak, owing to the material decline in Chicago, but, as yet, prices are not quotably lower. We continue to quote at $10@10,50 for Spring Wheat; $11@$11,50 for Winter Wheat, and $13@14 for fancy brands. Rye Flour is selling in store at $8 per bbl.

PROVISIONS—Bacon is quiet and steady at former quotations—15c for Shoulders; 17@18c for Ribbed and Clear Sides; 22c for Plain Sugar Cured Hams, and 23c for Canvassed ditto. Lard and Mess Pork unchanged.

SEEDS—Clover Seed does not seem to be wanted at present. Timothy Seed is selling in a retail way at $3—round lots will not command above $2,60@2,65. Flaxseed is in steady demand at $2,50.

BUTTER—Prime to choice Butter is in good demand, and we now quote at 30@35c. Common packed Butter is in good supply and very dull.

EGGS—Quiet and unchanged at 21@22c, with a supply fully up to the demand.

CHEESE—Is firm and in steady demand, and we can report regular jobbing sales at 13@14c for Western Reserve and Hamburg, and 15@17c for Factory and Goshen.

APPLES—Are coming in a little more freely, but, as yet, prices are maintained, ranging from $2@4 per bbl. according to quality.

PEACHES—Are not arriving so freely, and the market is a shade firmer, but prices are unchanged—ranging from $1 to $2 per box, for common to choice.

OIL—Lard Oil is firm but unchanged at 90c for No. 2, and $1,10 for No. 1.

New York Produce Market.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK September 27.—Cotton is 1c lower; sales of 900 bales at 22c for middling uplands. Pork opened steady and closed heavy; sales of 3,750 barrels at $23,87@24,10 for mess, closing at $23,87 cash, at $20,50@21,00 for prime. Beef steady; sales of 500 bbls; market unchanged. Beef Hams nominal. Cut Meats steady; sales of 310 pkgs at 12@13c for shoulders, and 16@18c for hams. Bacon quiet; sales of 25 boxes of Stratford at 13¾c. Lard firmer; sales of 1,85 barrels, at 13½@14¾c, the latter an extreme. Butter steady, at 15@27c for Ohio. Cheese quiet and unchanged. Freights to Liverpool more active; engagements for 70,000 bush wheat and corn, at 6¾d per steamer.

LATEST—Flour closed firm and moderately active for low grades, and quiet and steady for high grades. Wheat quiet and firm with a very light supply. Rye steady, at $1,45@1,48 for western. Oats quiet, at 75@76c for Chicago. Corn firm and fairly active, at $1,30@1,31 for good prime mixed western. Pork dull; mess $23,87½ cash, closing nominal at $23 87½ cash, and $23,90 regular. Beef favors buyers, with a moderate inquiry. Cut meats nominal. Bacon quiet and steady. Lard firm, at 14½@14¾c for fair to prime steam; 14¾@14⅞c for kettle rendered.

St. Louis Market

[By Telegraph to the Pittsburgh Gazette.]

ST. LOUIS, Sept. 27.—Tobacco steady and unchanged. Cotton nothing doing. Hemp very dull, at $1,85 for undressed; $3 for extra dressed. Flour—receipts 6,178 bbls; market firm with a moderate business; XX $9@10,50; XXX $10,50@12; fancy $12,50@13. Wheat—receipts 7,886 bu; buyers stands off for lower rates and sellers refused to concede, and but little was done; white fall $2,31@2,43; red $2,28@2,43; choice spring $1,85. Corn—receipts 1,544 sacks; market very heavy and prices easier, at $1,09@1,12½ for mixed and yellow; $1,14@1,15 for white. Oats—receipts 7,691 sacks; market opened dull and lower, at 58@60c, but closed higher at 61@63c. Barley—receipts 641 sacks; market firm for choice at $1,30. Rye—receipts 1,265 sacks; market heavy and declined to $1,15@1,21½. Provisions dull, nominally lower and but little doing. Mess pork $24,75. Bacon—clear sides 18¾c; shoulders 14@14½c; sugar cured hams 25c. Lard—small sales choice tierce at 14½c; round lots tierce offered at 14c. Whisky, no sales. Weather clear and warm.

Cincinnati Market.

[By Telegraph to the Pittsburgh Gazette.]

CINCINNATI, September 27.—Flour is unchanged and in fair demand; extra at $9,75@10,25; family at $10,75@11,25; no superfine of good grade is offered. Wheat is quiet and unchanged; No. 1 red at $2,34@2,35, No. 2 at $2,30. Corn dull and not saleable at the close above 91c. Oats dull and prices drooping, closing with no buyers at better than 60c for No. 1. Rye steady at $1,30. Cotton is dull and prices lower and nominal; middling can be bought at 18@19c. Whisky irregular and nominal, occasionally a sale is made at 31c in bond, but the great bulk of business is done in that out of bond at various prices. Provisions are nominally unchanged, holders not being willing to accept the rates offered and therefore nothing was done. Lard is held more firmly and in demand at 13¾c, but the best brands are held higher. Butter firm at 30@35c. Cheese at 15@15½c. Flaxseed at $2,20. Linseed oil at $1,20. Potatoes firm and in demand at $3,25@3,50 ₩ bbl. Gold 143¼@143½ buying.

Chicago Market.

[By Telegraph to the Pittsburgh Gazette.]

RIVER NEWS.

The work of removing the rock from the Rock Island Rapids, in the Mississippi river, has commenced. The powerful chisels were tested a few days ago, and at one drop sunk four feet into the solid rock. The chisel weighs over eight thousand pounds, and drops thirty feet.

Capt. Donaldson is at Mound City, looking after the Great Republic.

The river was not as low in 1862 as at present, but in 1818 it was nearly three inches lower than in 1828, as recovered on a rock discovered by Capt. John Haggerty, of Cincinnati, at the mouth of "Sinking," between Evansville and Louisville. The inscription on the rock which was three inches under water, was as follows: "Low water mark October 18, 1818," and singularly enough, Captain Haggerty discovered the mark on the 18th of October, 1828.

The Louisville *Courier* is responsible for the following:

In the Lower Ohio there are 27 to 28 inches water on the bars and the channel gradually cutting or wearing out. The longer the low water season prevails the more the actual channel cuts into or deepens, the actions or current of clear waters having more force and exerting more powers upon the bed of the river. Experience has proven the fact that a long season of low water has never been followed by extreme high water, and we also state as a fact that during the remarkably low water year of 1838, the river had actually fallen five and six feet, and at one point nine feet down the banks along the lower Ohio in less than one month, while the channel depth of water had not been lessened a single inch. This, of course, was owing to the gradual wearing away of the sands.

The same fact is very apparent now. The channel depth over the bars has increased, while the surface or level of the river has fallen. According to the true marks there ought to be fully four feet water in the river.

We copy the following from the New Albany *Ledger*: The surveying party of Captain Roberts, who have charge of the survey of the Ohio river from Cincinnati to Cairo, reached Jeffersonville a few days ago. They have made a careful survey of the river along its beach and placed permanent posts, with the distance marked thereon, every five miles. This is the only accurate survey of the Ohio ever made, and the distance between Cincinnati and Louisville is considerably reduced. It has always been called one hundred and fifty miles between the two points, but this survey makes it only one hundred and thirty-two miles. From Cincinnati to Madison it is eighty-six miles, and from Madison to Howard's shipyard at Jeffersonville the point the party has reached, is 44 miles, making a distance of 130 miles from Cincinnati. From the shipyard to the mailboat landing at Louisville is fully two miles, making the distance 132 miles. The object of the survey is to locate the bars and obstructions to navigation, with the view to report the same at the next meeting of Congress.

The St. Louis *Democrat* says: Although the bill of sale has not been made out as yet, we have the following as a veritable occurrence: Auguste Bencke, of the U. S. Savings Institution, has bargained and sold to Messrs. Dan Able, Bart Able and Russel, the whole of steamers North Alabama, Silver Wave, Laura M. Burns, Leonora and Fanny Barker for the sum of about $35,000. Said steamers are sternwheelers, and were the only boats remaining unsold of the very considerable fleet which plyed in the Tennessee river trade, under the auspices and ownership of the famous but ill-starred St. Louis and Johnsonville packet company. We presume that the new owners contemplate fixing them all up nicely, and putting a portion of them in the Memphis and Arkansas trade, and selling or chartering the remainder.

FOR SALE—REAL ESTATE.

FOR SALE—The best Farm in Fairfield township, Westmoreland county, Pa., containing about 200 acres, situated six miles south of the Pennsylvania Railroad, at Bolivar Station. The improvements are a large hued log house, with nine rooms, a good cellar; a frame bank barn, 40x70, with the best of stabling. Two apple and one peach orchard. The whole farm is under a high state of cultivation; the fencing is all No. 1; the soil is good, and is well watered; about 200 acres cleared, the remainder in good white oak timber. This property is offered at the low price of fifty dollars per acre. Possession immediately.

Also, a valuable Garden Farm, containing 38 acres, situated in Elizabeth township, Allegheny county, Pa., on the Youghiogheny river, and near Elrod's Station, on the Connellsville Railroad, about nineteen miles from the city. The improvements are a two-story brick house with six rooms, hall running through the house, with cellar; a No. 1 barn and other outbuildings. Abundance of the best fruits, of all varieties. Churches, Schools and Mills very convenient. Persons wishing to engage in gardening would do well to call and purchase quickly.

Also, a Farm of 440 acres, situated in West Wheatfield township, Indiana county, Pa., about 3½ miles from the line of the Pennsylvania Railroad. The improvements are—First, a two-story frame house, with five rooms, a large frame barn, 45x70, corn crib, carriage house, a good stone spring house and wood house. Second—a two-story log house, a large frame barn, 40x70, a 1½ story frame spring house, and other outbuildings. The fencing is all good, abundance of limestone on the place, and coal but a short distance. Convenient to Churches, Schools, Mills, &c. I am authorized to sell this property very cheap and on easy terms.

Also, An excellent Farm of 160 acres, of which 95 acres are under cultivation, situate in Christian county, Illinois. Improvements—a new frame dwelling containing 5 rooms; about 400 choice fruit trees, good fencing, &c. It lies within 2 miles of the Illinois Central R. R.; will be sold on reasonable terms. City property taken in part exchange if desired.

Also, a Farm of 312 acres in Penn township, Westmoreland county, 220 acres cleared and under cultivation, 92 acres of first-rate white oak and other timber, 2 dwelling houses, 1 of them 2 stories, the other 1 story, with a tenant house, with a first-rate Steam Sawmill in good running order; young orchard of grafted fruit. The land is rolling; every acre is tillable, with limestone soil and subsoil, with never failing springs; within one hundred rods of the Penna. Central Railroad; 28 miles east of Pittsburgh, and three miles west of Greensburg. This farm is pleasantly and eligibly situated in a good neighborhood; every acre is underlaid with coal. The title is good.

Also, one of the best farms in Young township, Indiana county, Pa., four miles from Western Pennsylvania Railroad, at Livermore Station, containing 300 acres—225 cleared and under No. 1 fencing, the residue in good timber. The improvements are two frame dwellings, containing eight rooms each; a large bank barn, 80 by 80 feet, and other necessary outbuildings, in good order. Five acres of orchard of choice varieties of fruit; four foot vein of coal, (now open,) under all the land, and abundance of limestone. It is a good thriving neighborhood, convenient to churches, schools, mills, &c., which I am authorized to sell very low and on good terms.

Also, a Farm of 82 acres in Elizabeth township, Allegheny county, Pa., near the line of the Pittsburgh & Connellsville Railroad. Improvements are a log house, weather-boarded; frame bank barn, orchard of fifty bearing apple trees, &c. This property will be sold cheap.

Also, 60 acres in Derry township, Westmoreland county, Pa., within four miles of Blairsville, and three miles of two stations on the Pa. R. R. The improvements are, a new frame dwelling house and outbuilding; a new steam saw and grist mill, with two run of burrs, two bolting cloths, and all the necessary fixtures, and a young orchard of choice fruit trees. The whole tract is underlaid with a six foot vein of coal, now opened, and an abundance of limestone. This property will be sold very low, if applied for soon.
